DTI AWARDS FIRST 'SUKING TINDAHAN SEAL' IN BULACAN

CITY OF MALOLOS, Bulacan -- The Department of Trade and Industry (DTI) awarded on Monday the "Suking Tindahan Seal" to Bert and Marie Megastore in Meycauayan City, becoming the first recipient in Bulacan.

DTI Undersecretary Ruth B. Castelo and DTI Regional Director Judith P. Angeles led the awarding of the seal of good housekeeping to Bert and Marie Megastore

that has volunteered to sell basic and prime goods at suggested retail prices (SRPs).

DTI - Bulacan Director Zorina Aldana said the "Suking Tindahan Seal" is aimed at providing adequate inventory and recognition to the various stores and grocery stores selling basic commodities within or lower than the SRPs.

"We are providing

the seal of housekeeping in stores that are willing to put SRPs on products. It is voluntary and not required," Aldana told the media.

"They must also protect the welfare of consumers and comply with fair trade laws," she added.

The program is in line with the Duterte administration's thrust to improve consumer welfare and initiate pro-poor programs and to ensure easier access of consumers to cheaper goods.

Under the "Suking Tindahan" program, the DTI makes arrangements with manufacturers to directly supply sari-sari stores that volunteer to sell products within SRPs. (PNA)

A modern take on delivering public services

The Provincial Government of Cavite has already laid out plans and programs that will help uplift lives of Caviteños, making use of Ugnayan sa Barangay, a modern take on public services

delivery as one platform to communicate with the people. On January 8, 2019, Cavite Governor Boying Remulla, together with former Special Assistant to the President Bong Go, Trece Martires City Councilors

Aldrin Anacan and Kim Lubigan, Indang Municipal Councilor Ping Remulla, and Tanza Municipal Councilor Lito Langit reached out to constituents, delivering inspiring messages and extending assistance

for people's basic needs. Likewise, the event became a venue for the ceremonial turnover of

Patrol Vehicle to senior citizens of Barangay Lapidario. The presence of Governor Jonvic

Remulla who also joined the group added positive vibes and excitement to the program.--PICAD

Forming a tougher community thru ugnayan sa Barangay

Generously visited the locals of Barangay Pinagbuklod in the City of Imus as part of the Ugnayan sa Barangay Program of the provincial government on January 7, 2019. They have checked the situation in the locality and mingled with

the people to know what the government can offer to ease their way of life. Hundreds of citizens have graciously appreciated the presence of the government officials who showed compassion and sympathy for the

indigent members of the society who need distinct attention as they run through the burden of their everyday living. Also in attendance were the members of the barangay council. --- PICAD

Enriching healthcare services for Gentrias constituents

Determined to deliver healthcare services to the citizens of General Trias, Governor Boying Remulla thru the Office of the Provincial Governor - Extension and the Provincial Health Office, together with the City Health Office of Gentrias

once again conducted a free medical and dental services to a total of 362 residents from the Grand Riverside Subdivision in Pasing Camachile 1 on January 4, 2019. On behalf of Congressman Jonjon Ferrer, Mayor Ony Ferrer, Vice Mayor

Morit Sison and members of the Team Gentri, Board Member Kerby Salazar with JCI Gentrias Katipunan 2017 President Kyle Salazar expressed their appreciation to the provincial government for incessantly accommodating their request in giving the basic healthcare services to penniless members of their community. Likewise, mothers were given

distinct attention during the mission as employees of the Cavite Population Office mingled with them to convey the benefit of knowing the proper spacing of pregnancies and birth control. Also present during the mission were Liga ng mga Barangay President Jay Columna, SK officers, members of the barangay council, and barangay health workers. --

ANG BAGYO

1. Dahil sa may kiling ang ating daigdig,
Hindi nakatindig ang porma ng axis,
Hindi nagpapantay ang init at lamig,
Kaya kumikilos ang hangin sa panig.
2. Ang nais ng mundo ay balanse lamang,
Kapag merong sobrang init ay kabilan,
Malawak na lugar balanse'y kailangan,
At bagyo ang gamit ng ating Lumalang.
3. Ang bagyo'y may mata sa kalagitnaan,
At dito'y payapa parang ligtas lamang,
Sa paligid nito'y umiikot naman
Ang hangin at dito'y may kapahamakan.
4. Bagyong umiikot ay kontra sa relo,
Kanan pakaliwa ang pag-ikot nito,
Unang tama nito ay gawing kanan mo,
Payapa't sa muli'y kaliwang perwisyo.
5. Pagbagtas sa dagat, ito ay palakas,
Pahina pag lupa itong binabagtas,
Lalakas na muli pag lupa'y nilampas,
Hanggang mawala na sa dulo niyang wakas.
6. Natatakot tayo sa bagyong darating,
Nguni't Pilipinas kung bagyo'y wala rin,
Malamang na tayo'y disyerto sa turing,
Wala yaong tubig na nais inumin.
7. Wala namang bagay na perwisyo lamang,
Bagyo ay may gamit na tulong sa bayan,
Hindi lang makita kaagad sa ganyan,
Dala nito'y tubig at bahang sukaban.
8. Kaya ang marapat tayo ay mag-ingat,
Tanggapin ang tulong na unang masarap,
Suhayan ang bahay sa hanging pahamak,
Ang bagyo'y balanse yaong ginaganap.

PGC's continuous health care program

The Provincial Government of Cavite continues to provide public health care to Caviteños thru its medical and dental mission, this time, in Brgy. Malagasang I-G, City of Imus on January 7, 2019. More than 300 Imuseños were given free medical consultation and prescription medicines while some 18 dental patients underwent tooth extraction rendered by the health professionals from Provincial Health Office and Imus City Health Office. Barangay Captain Mark Oliver J. Valerio together with other barangay officials thanked the mission team for extending medical assistance for their constituents. --PICAD

Making community stronger

Another community benefited from the humanitarian endeavors of the Provincial Government of Cavite through the free healthcare services provided during the

medical and dental mission held on January 8, 2019 at Barangay Poblacion 5, in Amadeo. The New Year spirit was alive as the volunteers from the Provincial Health Office deliver

services that fill the hearts of constituents needing medical assistance. Hundreds of locals thanked the presence of public officials including Amadeo Vice Mayor Junnel Bayot and members of the Sangguniang Bayan, Indang Municipal Councilor Ping Remulla and former Provincial Administrator for Community Affairs Engr. Redel Dionisio who visited them and showed gestures of kindness. During the outreach event, barangay officials and health workers led by Captain Ranel Cordero and SK Chairperson Abby Quince who assisted the medical volunteers also expressed their gratefulness to Governor Boying Remulla for the medicines donated, and most importantly for the conduct of the mission that served a total of 301 patients. Dasmariñas destroys illegal firecrackers

DASMARIÑAS CITY, Cavite -- Mayor Elpidio Barzaga on Thursday destroyed thousands of illegal firecrackers seized before the New Year revelry in this city.

Barzaga led the ceremonial destruction of the confiscated banned firecrackers at Barangay Fatima 1 here at 11 a.m.

The activity was the result of the implementation of Executive Order No. 28, limiting the use of firecrackers in the country by confining its use to "community fireworks display".

Likewise, the destruction was brought about by City Ordinance No. 07-S-2018 prohibiting the selling of illegal firecrackers and regulating the use of

pyrotechnics.

"Alinsunod lang po ito sabatas na ipinatutupad ng ating lungsod at naging maganda naman po ang kampanya kontra sa firecrackers nitong pagsalubong sa bagong taon ng 2019 (This is just in accordance to the laws being carried out in our city and the result of the campaign against firecrackers in welcoming the new year was good)" Supt. Nerwin Ricohermoso, acting police chief of Dasmariñas City, said in an interview.

Aside from Barzaga and Ricohermoso, also present during the destruction of the confiscated firecrackers were Dasmariñas Fire chief Ariel Zalun, city councilors and Liga ng mga Barangays members. (Dennis Abrina/PNA)

Noveleta-Makati P2P bus service opens to commuters

NOVELETA, Cavite -- After a month-long delay, the Noveleta-Makati Point-to-Point (P2P) bus service went on its maiden trip Tuesday with embarkation areas in this town going to destination points at the Makati Business District.

In an interview with Philippine News Agency (PNA), Mayor Dino Reyes Chua said the bus operator San Agustin Transport Service Corp. started operating at 6 a.m. Tuesday with a fleet of seven Golden Dragon buses, proceeding from their pick-up terminals in Puregold Noveleta and All Home, Kawit, going to the drop-off point in Trasierra

in Makati City.

"This P2P will not only benefit people from Noveleta, but also the nearby towns of Rosario, Kawit, Cavite City, and Tanza," Chua said.

The new transport service has hourly trips starting 6 a.m., with its last trip leaving at 7 p.m.

Meanwhile, vice versa trips from Trasierra to Noveleta starts at 8 a.m. and the last trip taking to the road at 9 p.m.

The P2P transport service charges passengers a flat-rate of PHP120.

"Nagpapasalamat po ako sa Department of Transportation (DOTr) and Land Transport Franchising

and Regulatory Bureau (LTFRB) na nabigyan ng aksyon ang aming hiling (We thank the DOTr and LTFRB for acting on our request)," Chua added.

The P2P transport service has scheduled a 15-minute boarding time and its estimated arrival at destination point is about 30 minutes per trip.

The buses will traverse Cavite to NAIA Expressway to Skyway to Trasierra, Makati and vice versa.

Senior citizens and persons with disabilities (PWDs) are entitled to a 20 percent discount and have standard designated seats in the front bus seats, it was explained. (PNA)

Caviteños lauded for role in economic uplift

"Bong" Go

CAVITE -- Former Special Assistant to the President (SAP) Christopher Lawrence "Bong" Go on Tuesday lauded Caviteños for their role in the economic development of the country, and assured them of bringing their voice to President Rodrigo Duterte

Go gave the assurance in his message at the Ug-nayan sa Barangay event at the Capitol Hills Executive Subdivision Phase 1 Covered Court in Trece Martires City, Cavite.

Go said Cavite is an important contributor to the country's economic growth given its location and business-friendly environment.

"Malaki ang naitutulong ng mga Caviteño sa pag-unlad ng ating bansa. Kung kaya't ginagawa ng pangulo ang lahat ng makakakaya niya para mas mapalago pa ang probinsiyang ninyo," he said.

Go was warmly welcomed by the entourage of Cavite Governor and congressional candidate Jesus Crispin "Boying" Remulla,

former Gov. Juanito Victor "Jonvic" Remulla, Cavite Board Member and PBM-LP National Board Ryan Enriquez, Trece Martires mayoral candidate Gemma Lubigan, as well as other local leaders of the area.

The Duterte government, through the "Build, Build, Build" infrastructure program, has earmarked several important projects that would spur even more growth and development in the province and its people, according to Go.

Among others, right-of-way acquisition-related activities are ongoing for the PHP35.43 billion project consisting of a 44.63-km closed system Cavite-Laguna Expressway connecting the CAVITEX in Kawit, Cavite and SLEX in Binan, Laguna.

Also ongoing are pre-construction activities for the PHP64.9 billion LRT Line 1 Cavite extension, starting from the Baclaran station to the future station at Niyog in Bacoor, Cavite.

Go added that a Malasakit Center will soon open in Cavite.

Similar to what happened on Tuesday morning at the Batangas Provincial Hospital in Lemery, Batangas, the government plans to launch a Malasakit Center in Cavite to cater to the need for financial and medical assistance of poor and disadvantaged residents of the province.

"Mahalaga ang kalusugan ng mamamayan para mas makatulong sa paglago ng pamumuhay ng pamilya kaya kailangan natin tugunan ang mga pangangailangan ng mga may sakit," Go told the audience.

Malasakit Center, a brainchild of former Go and President Rodrigo Duterte, is a one-stop shop initiative where PCSO, DSWD, PhilHealth, and other relevant government satellite offices are housed together in one location to ease the process for patients in need of speedy medical and financial assistance.

There are presently 20 Malasakit Centers operating in various parts of the Philippines.

Go intends to add to this number through a law that would mandate the creation of Malasakit Centers in all provinces and urban centers of the country.

Related to the Malasakit Center, Go also stressed the need to increase available hospital beds for patients in crowded public hospitals.

"Huwag natin pahirapan ang mga may sakit na pasyente; bigyan natin silang may sakit ng tamang higaan para gumaling sila nang maayos," Go said.

Meanwhile, Go emphasized the need to protect the welfare of barangay officials as well as barangay health workers by providing proper compensation and benefits packages and by pushing for a Magna Carta for Barangays.

Go said he is also supporting the move to extend the current term of elected barangay officials so that they can have more time to cater to the needs of their constituents.

The term of current barangay officials has been cut short to two years due to the postponement of the last barangay elections.

"Sila po ang frontliners natin sa pagharap sa mga pangangailangan ng ating mga barangay. Pagdating sa droga o sa kalusugan, sila ang ating maaasahaan kaya kailangan natin silang bigyan ng pagpapahalaga," Go added. (PNA)

Imus City to open 3 weekends for tax payments

IMUS CITY, Cavite -- The city government of Imus will accommodate business and realty tax payments during the next three weekends.

In an advisory issued Tuesday, City Mayor Emmanuel Maliksi also reminded business owners to pay their taxes, permits renewal, and other regulatory fees before the deadline on January 20 to avoid interest charges for late payments.

Maliksi said the City Treasurer's Office will be open to the public from 9

a.m. to 4 p.m. on January 12-13, 19-20, and 26-27.

Owners and/or administrators of properties are also urged to settle their real property taxes before March 31.

An incentive of 20 percent discount for real property taxes for calendar year 2019 is offered for full payments made on or before January 20, and a 10 percent discount if paid in full before March 31.

A 10 percent discount is also provided for real estate taxes paid

on or before the quarterly payment scheduled every 20th of January, April, July and October.

Maliksi further said the next quarterly installment deadlines for property taxes are June 30 for the second quarter, September 30 for the third quarter, and December 31 for the last quarter of the year.

Deadlines for business tax payments are April 20, July 20 and October 20 for the second, third, and fourth quarters, respectively. (PNA)

Health Benefits...

NUTRITIONAL BENEFITS OF MANGOSTEEN

Mangosteen is low in calories and has no saturated fats or cholesterol. It is very rich in dietary fiber, a good source of vitamins A and C, and a fair source of B-complex vitamins such as thiamine, niacin, folate, pantothenic acid, pyridoxine, riboflavin.

It also contains an excellent amount of minerals like calcium, copper, iron, manganese and magnesium, phosphorus, and zinc. Mangosteen has phytonutrients such as carotene-A, carotene-beta, and cryptoxanthin-beta.

HEALTH BENEFITS OF MANGOSTEEN

Acne: The natural antibacterial properties and antimicrobial compounds of mangosteen are very effective for healing the gut that leads to healing of many common skin problems, such as acne, skin blemishes, oily skin and dry skin.

Anti-Inflammatory: The anti-inflammatory properties are extremely beneficial for individuals who are suffering from sciatic pains which cannot be controlled by pharmaceutical treatment. Consuming a few mangosteens a day may help relieve the pain because of its cox-2 inhibitor effects.

Antioxidants: Mangosteen contains a class of naturally occurring polyphenol compounds known as xanthones. Xanthone derivatives alpha and gammamangostin have proven to have superior anti-inflammatory properties. Xanthones

are an excellent remedy against various cardiovascular diseases, can heal cells damaged by free radicals, slow the aging process, ward off degenerative diseases, and prevent physical and mental deterioration.

Blood flow: Mangosteen helps promote red blood cells and protects against anemia. It can improve blood flow by causing dilation of blood vessels that helps protect against atherosclerosis (hardening of the arteries), high cholesterol, heart congestion and severe chest pains.

Blood Pressure: The high mineral content like copper, manganese and magnesium as well as potassium provides protection against strokes and coronary heart diseases. It is a vital component of cell and body fluids and controls the heart rate and blood pressure.

Cancer: The high content of antioxidants found in mangosteen are helpful for preventing cancer. The powerful and effective antioxidants protect the body from free radicals that cause oxidative stress that can lead to severe medical conditions.

Cataracts: Since mangosteen helps increase blood flow to the eye and it has high content of antioxidants, it can protect against cataracts and improving vision.

Cold and flu symptoms: Mangosteens are rich in vitamin

C which is powerful water soluble antioxidant;

vitamin C offers protection against flu like infections and scavenges harmful pro-inflammatory free radicals.

Menstruation: Eating this delicious fruit few days leading to menstruation may reduce premenstrual symptoms such as dizziness, mood swings, and hypertension.

Tuberculosis: Mangosteen contains strong antibacterial and antifungal properties that heal the gut and immune system, making it beneficial in boosting a weak immune system. Its inhibitory action against harmful bacteria may be effective for patients suffering from tuberculosis.

Weight loss: The xanthones in mangosteen skin is used for weight loss and preventing weight gain, as it is effective for burning fats.

MANGOSTEEN AND ITS CANCER-FIGHTING PROPERTIES

Mangosteens have been the focus of many anti-cancer studies and the results have so far, been very positive. A mangosteen fruit was found to contain at least 20 known xanthones that have cancerpreventive effect on lab animals.

A study conducted by the Department of Pharmacy Practice at

the University of Illinois at Chicago College of Pharmacy found that mangosteen can successfully

slow the growth of prostate cancer cells and tumors.

The International Journal of Oncology published a study in 2016 that indicated that alpha-mangostin induced programmed cell death of cancer cells. It was concluded that this polyphenol may be used as a food supplement, as well as a potential therapeutic compound for breast cancer.

A study published in Food and Chemical Toxicology examined the anti-skin cancer properties of crude ethanol extract of mangosteen pericarp on human squamous cell carcinoma and melanoma. The mangosteen extract showed strong anti-skin cancer effects on both skin cancer cell lines, showing its potential as skin cancer natural treatment. Xanthones from mangosteen extracts is shown to be a natural chemopreventive agent and has potential as anti-cancer drugs. Xanthones from the pericarp, whole fruit, heartwood and leaf of mangosteen are known to possess a wide spectrum of pharmacologic properties, including antioxidant, antitumor, anti-allergic,

anti-inflammatory, antibacterial, antifungal and antiviral activities.

CONSUMPTION TIPS

Look for fresh mangosteens that have skin in dark reddish color. The blue-black ones are far from ripe. They should feel heavy for their size. Avoid fruits that have dry and blotched skin.

Be careful when buying them directly from the farmers as mangosteens often attract ants and they may hide under the "green petals" at the stem.

Ripe fruits if uneaten should be stored away whole in the refrigerator to prevent them from further ripening. Consume within a week. Fresh mangosteens are delicious to be consumed alone or complement with other tropical fruits like durian, papaya, watermelon, pineapples or grapes. Because of the seeds, mangosteens cannot be juiced.

CAUTION

Due to mangosteen's anticoagulant properties, consuming mangosteen might

increase the risk of bleeding in individuals who are on blood thinners or have blood disorders. If you are scheduled for surgery it is important to stop taking mangosteen at least two weeks before your procedure.

Pantaleon Bridge is one (1) of the priority bridge projects of the DPWH-UPMO Roads Management Cluster 1 to alleviate traffic congestion by improving the capacity and efficiency of existing road transport network in Metro Manila.

Upon completion, Estrella-Pantaleon Bridge is also expected to decrease traffic congestion at Makati-Mandaluyong Bridge by up to 3,360 vehicles per day and at Guadalupe Bridge by up to 4,474 vehicles per day.

Another highlight of the project is its iconic bridge

design that will add to the aesthetic value to the riverine area of Pasig River. The new Estrella-Pantaleon Bridge will also feature a 3-meter sidewalk on both sides, in contrast with the existing 0.6-meter sidewalks to ensure pedestrian's safety.

Roads on both ends of Estrella-Pantaleon Bridge will also be widened to accommodate added volume of traffic in the area. DPWH Metro Manila First District Engineering Office is conducting the parcellary survey in preparation for the road widening of

Pantaleon Street while widening of Barangka Drive is considered as a priority project of Mandaluyong City Government and is included in the Master Development Plan of the city. JOSINE ESTUYE

GenTri opens "Business One-Stop Shop" for entrepreneurs

GENERAL TRIAS CITY, Cavite -- Hassle-free transactions with city hall and an overall good business environment is attracting investors to this place, according to the local government.

General Trias City Mayor Antonio "Ony" Ferrer launched on Thursday the 'GenTri Fast Track Service tagged as a "Business One-Stop Shop" (BOSS) payment scheme for business owners through the city's

Business Permit and Licensing Office (BPLO).

Ferrer said that through this service, entrepreneurs can apply for and renew their business permits as well as pay their taxes and other fees, thus saving time by concentrating all procedures in one place – at the Audio Visual room, 3rd Floor of the City Hall building.

He said business owners no longer need to hop from one place to

another and spend long hours waiting.

"You literally don't have to leave the place. Instead of you going to the offices, the office comes to you," the Mayor said.

Ferrer said the expected higher city revenues due to their streamlining efforts will surely translate to better education, health, infrastructure and social services.

Services of the "Business One-Stop-

Mayor Antonio "Ony" Ferrer

Shop" service will continue until February 8, 2019 during office hours. (PNA)
