Authority (MinDA) and DTI Regional Offices 9 and 12.

According to DTI-CITEM Executive Director Pauline Suaco-Juan, the Philippines' participation in MIHAS is aimed at expanding the country's market share in the global halal trade which has demonstrated an explosive demand in the food and beverage sectors with the growing Muslim population and halal-seeking health aficionados.

"We are here to show the world that the Philippines is more than ready to cater to the demands of the global halal market especially with our burgeoning halal industry here in the country," said Suaco-Juan.

"We are confident that the premium food and beverage products from Philippine companies that we will showcase in Malaysia will be at par with global products since these are

the halal food segments that have been in demand in IFEX Philippines and other DTI overseas trade fairs," she added.

MIHAS is considered the world's largest halal event. It offers networking and business opportunities for halal exhibitors and buyers. In 2017, it welcomed over 22,000 trade visitors from more than 70 countries and generated record sales beyond RM1 Billion for 600 exhibitors.

The four-day event is hosted by the Ministry of International Trade and Industry (MITI), organized by Malaysia External Trade Development Corporation (MATRADE) in association with Halal Industry Development Corporation (HDC) and Department of Islamic Development Malaysia (JAKIM).

Among the halal food that will be exhibited under the Philippines' pavilion are product

variations of coconut, banana, coffee, mango and tuna which are included the country's 'Premium 7' food exports. Also included in the showcase are mangosteen, turmeric, cassava, pickled cucumber, polvoron and other marine products.

The 19 food companies joining under the pavilion are Fruits of Life, Inc.; Greenlife Coconut Product Phils., Inc.; Castillejos Agri-Farms, Inc.; Alter Trade Corp.; MFP Home of Quality Products; Mira's Turmeric Products; B&C Healthy Snack Foods, Inc.; EJT Food Products; Magic Melt Foods, Inc.; Gee's Agri Coco Products; General Nutrifoods Phils, Inc.; Cassava Growers and Processors Association (CAGAPA); Baker's Field Enterprises; RK Trading and Services; Herbio Agrinature Processing Center; Permex Producer and Exporter Corp.; Ahya Coco Organic Food Manufacturing Corp.; Carm Foods Enterprise, Inc; and Aliments Makkhan Bistro and Café.

"More than half of the country's delegation in MIHAS is comprised of food companies since it is the biggest and the fastest growing segment in the halal market," Suaco-Juan noted.

As of 2018, the global halal market is valued at USD 2.6 trillion with the bulk or 62 percent of the halal market comprising of food and beverages followed by pharmaceuticals at 22 percent, cosmetics and personal care at 10 percent and nutraceutical at 6 percent.

Based on the 2018 MIHAS data, the top eight food segments in the event are halal ingredients; frozen foods; process technology; coffee; meat/poultry; dairy products; packaging materials, packaging aids; and bakery products.

Meanwhile, seven cosmetic and tourism players are also looking to promote themselves in the Halal market with the participation of Psalmre Ent., Inc.; C&H Cosmetics Industry;

Starlder Laboratories, Inc.; Asian Halal Centre (Zambozone); Bloomers Travel and Tours and Universe Islamic Center; Wellness Care Int'l Corp.; and Central Affirmative Co., Inc.

Rising Global Halal Industry

According to David Smith of Global Futures and Foresights Study, the halal industry is projected to be a USD 10-trillion industry by 2030, making it one of the fastest growing consumer segments in the world.

Based on a 2015 Pew Research study, Muslims comprise 24.1 percent of the world's population and is projected to grow more than twice as fast than the overall world population between 2015-2060.

In tandem, the Muslim population has grown in affluence giving them considerable buying power. The State of the Global Islamic Economy Report 2018/19 estimates that Muslims spent USD 2.1 trillion across the food, beverage and lifestyle sectors in 2017. They forecast Muslim spending to reach USD 3 trillion by 2023. Leading the halal ecology is the Food & Beverage cluster where Muslim spend reached USD 1.3 trillion. This is followed by Modest Fashion at USD 270 billion, Media & Recreation at USD 209 billion, Travel at USD 177 billion, Pharmaceuticals at USD 87 billion, and Cosmetics at USD 261 billion. Islamic Finance is also a strong force in the halal ecology.

Based on the State of the Global Economy Report produced by Thomson Reuters, the Islamic finance industry is expected to grow substantially by 2019.

we will also invite buyers and food enthusiasts with strong interest in Philippine and other Asian products to source more of these in the upcoming edition of IFEX Philippines where we will present the next big thing in Asian food under the theme 'NXTFOOD Asia,' said Suaco-Juan.

This participation is co-organized by DTI-CITEM as part of the government's unified effort to promote the Philippines as a source of

quality food products in the global market.

CITEM is the organizer of IFEX Philippines, which is the Philippines' biggest export-oriented food show on May 24-26. IFEX Philippines 2019 will present "NXTFOOD ASIA" where it will showcase the next big thing in Asian food with the latest food innovations, trends and best practices in the Asian food industry. PGC joins Education Summit

Heads and representatives of different departments of Cavite provincial government, the city government of General Trias and representatives from other private stakeholders were recognized during the Education Summit at Luis Ferrer Jr. Senior High School in Pasong Kawayan 2, City of General Trias on March 20, 2019. With the theme, "Enhancing

Learning Competencies by Sustaining Ties with Education Partners", the summit recognized the contributions of partner institutions in the work immersion program for the Senior High School curriculum. It brought together stakeholders to strengthen partnership for better learning outcome and provided a venue for interaction and collaboration among

them as well as future partners with the view of providing relevant and excellent education.

Dr. Daisy Z. Miranda, Assistant Schools Division Superintendent warmly welcomed all the public and private stakeholders who have responded to their invitation and lively discussed the Adopt-a-School Program and Partner Benefits.

According to Dr.

Miranda, Adopt-a-School Program which started in 1998 was created to help generate resources and sustenance to education outside the mainstream funding and the national budget. Partners are enjoined to support the schools in the areas of infrastructure, health and nutrition, teaching skills development, computer and science equipment and learnings support. Under the program, private entities, either local or overseas are given opportunity to become partners in education through their assistance in the advancement and modernizations of public elementary and high schools. In return, they are to enjoy additional tax incentives as they implement their project.

Furthermore, during the summit, the school principal, Ms. Mercelita Javier delivered the state of the school address

highlighting their accomplishments notably the 722 graduates last year and 905 graduating students for this school year. She also reported that Luis Ferrer Jr. Senior High School has posted 633 NC passers for 2017-2018 and 729 for 2018-2019.

On the other hand, Mayor Ony Ferrer delivered an inspirational message encouraging the learners to pursue college education to be more competitive. He motivated the students to continue acquiring knowledge to be financially independent in the future. "Education is an equalizer and students always have their chance to succeed in life. Grab it. Do not be satisfied on your present situation", he emphasized.

The mayor also expressed his gratefulness to all the stakeholders who have imparted skills

and information to the students which they can use in the real world.

As for the city government's commitment to better education, he announced the planned establishment of additional Luis Ferrer Jr. Senior High School branch at Sta. Clara-Pinagtipunan and Biklatan area.

Sixth District Board Members Kerby Salazar and Felix "Jango" Grepo also conveyed their messages to the students and the public/private partners reflecting their eagerness to support the youth of Cavite.

Selected graduating senior high school students also shared their work immersion experience while the impression of work immersion was delivered by the representative of a partner office from the city government of Gen. Trias. --- (PICAD)

Salceda sa Senado: Ipasa agad ang amyendang batas sa Public Service Act

Joey Salceda

Hiniling ni Albay Rep. Joey Sarte Salceda sa Senado na ipasa na ang panukalang batas na mag-aamyrnda sa 80-taong gulang na Public Service Act (PSA) sa natitirang dalawang linggong sesyon ng Kongreso sa darating na Mayo "para mawala na ang mga hadlang sa pamumuhunan at kumpetisyon sa ilang sektor ng ekonomiya at masusteniha ang paglago ng bansa.

Isang kilalang ekonomista, isa si Salceda sa mga pangunahing may-akda ng House Bill 5828 na ipinasa ng Kamara noong 2017 at nakabinbin ngayon sa

Senado. Ang panukalang bersiyon ng Senado ay aprubado na rin nito sa ikalawang pagbasa. Ang pagp-apruba nito ay kapaki-pakinabang na paggamit ng natitirang dalawang linggong sesyon ng Kongreso sa Mayo, ayon sa mambabatas.

Layunin ng HB 5828 na linawin ang legal na kahulugan ng 'Public Service' at 'Public Utilities' sa lumang PSA na malimit ay pinagpapalit upang paburan ang interest ng mga "monopolies, duopolies and oligopolies" sa ilang sektor ng industriya na dahilan para iwasan ito ng bagong mga mamumuhunan.

Ayon sa pag-aaral ng World Bank, nananatili sa kamay ng iilan lamang ang ekonomiya ng Pilipinas kung ihahabing sa mga kapit-bansa nito kaya nananatiling mahal ang mga bilihan at kulang sa mga kapaki-pakinabang na

trabaho dahil sa mahina ang kumpetisyon. Kung marami ang mamumuhunan sa mga industriya ng bansa, dagdag nito, "tataas ang antas ng mga serbisyo, maraming trabahong malilikha, ay mababawasan ang kahirapan."

Titiyakin ng HB 5828 ang "ang wastong implementasyon ng Section 11, Art. XII ng Saligang Batas ng Pilipinas na nagtatalaga ng tanging mga kumpanyang 60% pag-aari ng Pilipino ang maaaring mangasiwa sa 'public utilities' para masiguro ang mataas na antas ng serbisyo publiko sa mababang halaga" giit ni Salceda.

Tiniyak ni Salceda na aakit ng mga mamumuhunan ang babaguhin PSA bagama't may laan din itong mataas na multa sa mga lalabag nito upang "bigyan ng pangil ang batas sa sundin ito ng mga kumpanya."###

BATA HERITAGE AND COCA-COLA LAUNCH CAPSULE COLLECTION

The Real Thing: Fun designs in the Bata Hotshot and Coca-Cola collaboration

Global brand Bata's Bata Heritage partners with Coca-Cola for an iconic capsule collection that puts a fresh spin on the legendary Bata Tennis and Hotshot styles. Coca-Cola—the second best-known word around the globe after 'OK'—shares with Bata Heritage its distinctive red and white colors as well as values of

authenticity, community and trust. The two family brands join their DNA to unveil an array of fun and graphic styles.

The Bata Tennis shoe has been manufactured since 1936 in India for school children to wear for their Physical Education classes and continues today to be one of the brand's best-selling shoe.

Bata and Coca-Cola's collaboration features the Coca-Cola red dot logo all over the front upper of the white canvas shoes with matching red piping and laces.

For this collaboration, the spelt-out Coca-Cola logo is applied in white on red canvas on the whole upper shoe and matches the piping and laces. Another Tennis model features the Coca-Cola red dot logo all over the front upper of the white canvas shoe, with matching red piping and laces. The same style is available with white dot logo (and white piping and laces) on red canvas. All styles feature white rubber outsole and toe cap.

First introduced in 1972 as a basketball shoe, Hotshot gained traction after music legend Nirvana's Kurt Cobain was spotted rocking the sneakers on several occasions during the band's heyday. There are different styles and color variations that make Bata's basketball shoe rock with Coca-Cola. There is a graphic off-white version that features red stitching, laces, side and back logo, as well as a thick piping

going all around the shoe; as well as the same style in off-white side and laces, with Coke's famous tagline 'the real thing' embossed in statement black on the side of the sole.

The Coca-Cola + Bata Heritage capsule collection will be available at the Bata store in SM Megamall on March 15, 2019.

ABOUT BATA HERITAGE

Bata was founded by Tomas Bata in 1894 in the village of Zlin, in what is now the Czech Republic. To fulfill his objective to "shoe mankind", Bata developed many shoe-making techniques and pioneered responsible capitalism, as he believe that the purpose of business was to serve customers, employees, and communities. Company towns called "Batavilles", which featured employee housing, schools and other facilities, were built across the world as the company expanded.

Today Bata remains a family business that serves one million customers a day around the world and maintains its focus on corporate responsibility. Even though it is a global company now headquartered in Switzerland, the brand caters to the unique local needs of customers in countries across Europe,

Africa, Asia and Latin America, where it is honored to be considered a trusted local brand. In 2014, to celebrate its 120th anniversary, Bata launched its Bata Heritage collection to showcase heritage products from its vast archives of shoes that had a real impact in many different countries. EDITORIAL

Ang mga Pilipino ay malikhain. Maging sa larangan ng pagkukumpuni ay mahusay din ang Pilipino, subali't ang ating magagandang katangiang ito ay hindi nagagamit sa pagbuo ng isang bansang patungo sa mabilis na industriyalisasyon.

Ang mga kumpanyang dumating sa atin sa mga Export Processing Zone ay ginagamit ang ating labor force upang magawa ang mga produktong iluluwas na muli.

Dapat pagtuunan natin ng pansin ang mga hakbang patungo sa industriyalisasyon ng bansa kahit pansariling gamit muna. Saka na isipin ang pagluwas.

General Trias seniors get cash incentives

GENERAL TRIAS CITY, Cavite -- This city's 8,500 senior citizens began receiving cash incentives from the city government following the implementation of a new city ordinance, on top of the benefits they enjoy pursuant to the national Senior Citizens law, which grants them even more perks and discount privileges.

City Mayor Antonio Ferrer on Thursday assured that all 8,500 senior citizens from the city's 33 barangays (villages) shall receive cash incentives out of the city government's allocated funds.

"Lahat po ng ating mga Lolo at Lola ay makakatanggap ng cash incentives. May mga naka-schedule po ng dates ng orderly and systematic distribution (All of our grandpas and grandmas shall receive their cash incentives. There are scheduled dates for an orderly and systematic distribution)," Ferrer said.

Senior citizens from barangays Corregidor, Arnaldo, Vibora, San Gabriel, and Bacao 1 and 2 were among the first to benefit from the new city legislation.

The ordinance providing incentives for elderly citizens was approved by the City Council through its presiding official Vice Mayor Morit Sison, which the local chief executive finally approved and implemented this year.

The city ordinance

was authored by Councilor Jowie Carampot, as chair of the City Council's committee on senior citizens, and Councilor Kristine Perdito who chairs the committee on appropriations.

Ferrer told the beneficiaries during Thursday's distribution of cash incentives at the city hall, "Your patience, comfort, and life's lessons symbolize your unconditional love to your family, to the city." (PNA)

GUARDIANSHIP OF MINORS
JUSTINE ROCABO and KATRINA
ROCABO ANGON,**

SPEC. PRO. No.: 1762-18

**SPOUSES MARIO C. COBUS and
EDNALISA A. COBUS,**
Petitioners,

x-----x
ORDER

This is an Amended Petition, filed by petitioners-spouses **MARIO COBUS and EDNALISA COBUS**, dated November 29, 2018, praying among others that they be appointed as guardians on the person and future properties of the minors, **JUSTINE ROCABO and KATRINA ROCABO ANGON**, to sign documents in their behalf and to allow said minors to travel abroad with petitioners-spouses.

Petitioners alleged, in their Amended Petition, that:

1. Petitioners **Mario Cobus Y Caballero and Ednalisa Y Angon** ("Spouses" for brevity) are husband and wife, both of legal age, Filipino and residing at 101 Manggahan Street, Binakayan, Kawit, Cavite where they may be served with notices, orders and processes of this Honorable Court.

2. **Minors Justine Rocabo** ("Justine" for brevity), sixteen (16) years old and **Katrina Rocabo Angon** ("Katrina" for brevity), twelve (12) years old are born to common-law spouses **Michelle Rocabo Y Gabiola** ("Michelle" for brevity) and **Rody Angon Y Legaspi** ("Rody" for brevity). Minor Justine is a child with special needs. The minors Justine and Katrina are currently residing with the spouses at 101 Manggahan Street, Binakayan, Kawit, Cavite.

3. Petitioner **Ednalisa Cobus Y Angon** is the sister of **Rody Angon Y Legaspi** and paternal aunt of minors Justine and Katrina and currently have the actual custody over the said minors.

4. When the minors were born they leaved with their parents, **Michelle and Rody** on a separate house in 101 Manggahan Street, Binakayan, Kawit, Cavite.

5. Unfortunately, **Rody Angon Y Legaspi** died of cardiac arrest on February 25, 2008 and since then life had been very difficult for **Michelle** and their children.

6. After a year from **Rody's** death, when **Michelle** left their residence in 101 Manggahan Street, Binakayan, Kawit, Cavite, she left the care of the minors with the spouses saying that she will look for work and will return for the children.

10. When **Michelle** appeared for a vacation, she just visited the children and did not even arrange for the taking of the custody of her children from Petitioner Spouses nor made arrangement for future visitation nor left any financial support for the minors.

11. Presently, the minors or the spouses has no communication nor any idea on the whereabouts of **Michelle**.

12. Spouses has no knowledge as to the family of **Michelle Rocabo Y Gabiola**. Since the children were left to the spouses' care ever since **Rody's** death, the spouses deemed it as if the children were their own. Thankfully, the children of the spouses are likewise supportive of this decision.

Tokhang na di nakakatakot! Noveleta Mayor Chua brings docs to the homes of bedridden patients

This is the kind of tokhang that won't lead you to lose your life; it may even save it.

Instead of policemen knocking on doors to look for drug peddlers, doctors would come knocking on homes to check on bedridden, elderly patients under the

"doc to door" program of Noveleta Mayor Dino Reyes Chua.

Chua's program brings a clinic on wheels to various barangays, where municipal doctors visit the home of patients to check up on them and provide them free medicine.

The politiko initiated the program because some of his constituents are too weak to go to hospitals.

Now this program we can get behind!
