'DISASTER RISK OFFICER FOR EVERY LGU A MUST' - SEN. BONG REVILLA

To strengthen the country's emergency response system during natural and man-made calamities, Sen. Bong Revilla filed a bill seeking the creation of a permanent disaster risk officer in every local government.

Because the Philippines is located near

the equator, an average of 15-20 tropical cyclones and storms enter its area of responsibility. In addition to this, recent earthquakes and possible volcanic eruptions continue to threaten the life and safety of Filipinos.

Revilla firmly believes that a strong network for disaster risk reduction and

DOH, DepEd in Bacoor educate students on HIV/AIDS

To avert the spread of human immunodeficiency virus/Acquired Immunity Deficiency Syndrome (HIV/AIDS) in this city, the Department of Health (DOH) regional office and the Department of Education (DepEd)-Bacoor City Division held on Monday a "Peer Education Training" in several schools to raise awareness and prevent the spread of HIV/AIDS.

DOH Calabarzon (Cavite, Laguna, Batangas, Rizal, Quezon), the city Social Hygiene Clinic, and DepEd-Bacoor City Division held the seminar training in various public and private schools here, in a bid to create awareness on the HIV/AIDS situation in the province.

The event at the Bacoor Government Center was attended by 161 junior and senior high school students, teachers and guidance counselors from the 23 city schools.

Dr. Michael Angelo Marquez, City Health Office (CHO) Medical Officer III and Head of the Social Hygiene Clinic, disclosed to the Philippine News Agency that they are targeting students because HIV is mostly affecting young people, aged 12 to 24 years old.

"We need to empower our students and give them the proper and accurate information on the basics of HIV/AIDS for them to avoid acquiring the virus," Marquez said.

He said Bacoor City has registered the highest number of cases of HIV/AIDS in the Calabarzon Region with 726; followed by Dasmariñas City with 686; and Imus City with 616 cases, recorded from 1984 to April 2019.

He also noted that all new confirmed cases in April this year are from the 15 to 24 age group.

"We need to train them, increase their knowledge and encourage

behavior change for them to become an effective messenger among their peers to prevent HIV and other sexually transmitted infections (STIs) in schools and the community," he added.

Meanwhile, Dr. Mary Grace E. Javier, Medical Officer III of DepEd here, explained the peer education seminar-workshop is part of the "Oplan Kalusugan (OK) sa Department of Education" (OK sa DepED).

"The objective is to educate the youth and hear out their concerns on age-appropriate issues particularly adolescent reproductive health and also ensure wellness of DepEd personnel through the provision of basic medical care for better productivity," she emphasized.

She added that the peer educator's training activity also includes lectures on the National Drug Education Program. (gocavite)

DA-Calabarzon implements measures vs. swine fever

The Department of Agriculture (DA) has assured the public it is implementing measures to prevent the entry or spread of African swine fever (ASF) and protect the hogs and swine sector in Cavite-Laguna-Batangas-Rizal-Quezon (Calabarzon) region from the disease.

DA Calabarzon Regional Executive Director Arnel de Mesa said on Monday the DA Regional Quick Response Team for ASF, in close coordination with local government units (LGUs) concerned, was created to control the spread and eliminate the ASF if it enters the region.

De Mesa said they have been conducting social media campaigns; distribution of information, education,

and communication (IEC) materials; and random inspection of markets for banned canned goods and other meat products. Representatives from the livestock industry and various government agencies converged at the Southern Tagalog Integrated Agricultural Research Center (STIARC) in Lipa City last July 19 to come up with a unified action plan to respond to the threat of ASF to the region.

These include compensation for the affected farmers, possible burial sites for affected animals, and issuance of LGU resolutions to prevent entry/exit of concerned products, among other agricultural intervention programs. (Saul Pa-a/gocavite)

PAGBABAGO NG BABAE

1. Ang batang babae'y mahilig sa laro,
Dala ang manika sa lahat ng dako,
Kung minsan kay Nanay tumulong sa luto,
Maglinis ng bahay at sa ibang dako.
2. Dumating ang oras na nais mag-ayos,
Palaging mabango't mahinhin ang kilos,
May napupusuan dalagitan bubot,
At luha lang pala ang maidudulot.
3. Pinahid ang luha at muling lumakad,
Isa pang binata yaong nakatapat,
Ngayon ay hindi na naging kulang-palad,
At napangasawa ang binatang tapat.
4. Nang dalaga pa siya'y isa nang prinsesa,
At nang mag-asawa, siya ay naging reyna,
Unti-unti siya ay nagbagong porma,
Naging emperatriz nang magka-anak na.
5. Tumibay ang loob nitong dating bata,
Naging tila muog na merong bandila,
Sa kanya pamilya ay umasang lubha
Na ang desisyon niya sa bahay ay tama.
6. Ang kanyang asawa ay nagpaubaya,
Dahil sa paghubog nitong mga bata,
Ina ang malimit kasama sa gawa,
At laging subaybay na mali'y itama.
7. Ang batang nang una'y mahilig sa laro,
Ngayon ay Lola nang mahilig magturo,
Kanyang mga apo'y kinupkop sa dako,
At sila ang sentro sa lahat ng kuro.
8. Ang isang babae'y ganyan nagbabago,
At kahit patuloy ang ikot ng mundo,
Di rin nagbabago yaong papel nito,
Babae'y babae, guro at modelo.

Disaster risk officer for every LGU.. (from p. 1)

response mechanism is necessary to prepare for any upcoming disasters. In response to Republic Act 10121, known as the Philippine Disaster Risk Reduction and Management Act of 2010, the National Disaster Risk Reduction and Management Framework (NDRRMF) will manage the disaster risk reduction in every local government unit. The agency shall actively participate in recognizing, researching, treatment and supervision of different kinds of disasters to minimize

its impact through strengthening the response capacity of the government. At present, citizens all over the country are being oriented with the proper procedures and methods of disaster risk reduction. "If we designate a

permanent disaster risk officer in every LGU, we will be able to de-centralize the duties and responsibilities of the NDRRMC and empower the locality so that they may work together in implementing a disaster management plan

based on their locality," Revilla explained. Revilla's bill is complementary with RA 10121, promoting a more efficient structure for organizations in terms of disaster risk reduction and response.###

IMUS Cavite, July 23 -- In a move to produce Bidang Imuseños who are holistic in both competence and character, the Schools Division Office of Imus City, through the Curriculum Implementation Division, held its first-ever Values Education Summit on July 16 at Elizabeth Seton School-South, Brgy. Anabu II-D.

Dr. Hermogenes M. Panganiban, OIC-Schools Division Superintendent, officially launched SDO Imus City's flagship project on character formation named BEHAVE M4I or "Building Ethical Habits And Values Enhancement for Maka-Diyos, Makatao, Makakalikasan at Makabansang Imuseño," which is also the central theme of the 1-day summit.

"We have to develop these four core values because it is always reflected in our vision that we dream of Filipinos who passionately love our

country and whose values and competencies enable them to realize their full potential," Panganiban said.

He shared that current activities such as training workshops, procurement

of Instructional Materials (IMs), and implementation of various programs, projects and activities (PPAs) which are focused primarily on building learners' competencies "would be useless without values."

"Walang kwenta ang anumang bagay na nagagawa o nakakamit natin kung maiwan naman ang kagandahang-asal at hindi tayo makakapag-produce ng mabubuting mamamayan," the Superintendent stressed.

He then addressed all stakeholders and said: "We have to do two things: Develop both the competencies and the values. Through our teamwork and collaboration, we can create a difference. Dahil magkatulad po tayo ng pinapangarap—ang maibalik ang pagpapahalaga, respeto at tamang asal ng mga bata. Isang Batang Imuseño sa isip, sa salita at sa gawa."

Around 300 participants composed of school heads, Guidance

and Edukasyon sa Pagpapakatao (ESP) teachers, faculty club and GPTA presidents, and city department heads converged and pledged to implement and support BEHAVE M4I thru localized projects that will instill and enhance positive Filipino values among Bidang Imuseño learners.

Learning sessions included Nature and Nurture: A Village Working to Raise a Child by Dr. Paulito V. Hilario, a registered

psychometrician and psychologist from Cavite State University; Positive Discipline and Child Protection Policy by Dr. Arnel P. Zapanta, PSDS from SDO Cavite Province; and Recorded Cases in the Guidance Office vis-à-vis DepEd's Core Values by Ms. Feliz Tayao, Division OIC-EPS of ESP.

As a simple token of gratitude, city department heads were handed plaques of appreciation earlier in the event. (CMAH/DepEd Imus)
