## DTI 4-A turns over PPE donations from Japanese companies to Cabuyao City

To help protect the frontline workers in the fight against the COVID-19, the Department of Trade and Industry Region 4-A turned over 9,000 surgical masks and 50 face shields donations from Japanese companies Tsuneishi Ship building Co., Ltd. and Taiheiyo Cement Corporation,

respectively, to Cabuyao City Mayor Rommel A. Geolea last May 9, 2020. With the help of Ibiben Japan, the aids were shipped for free.

"We are very thankful for these generous donations of Tsuneishi and Taiheiyo to our health workers and front liners in the Cabuyao City Hospital

and health centers. It is the unstinting support of the private sector, government, and partner agencies and organizations in and outside the country that help sustain the health and well-being of our frontline workers," said Mayor Geolea.

"Our front liners are considered heroes

in the battle against the pandemic, and these valuable donations of Tsuneishi and Taiheiyo will surely be of help

to our heroes. We are deeply grateful for the benevolence and bravery of the people who continue to serve and

help our nation despite the crisis," said DTI CALABARZON Director Marilou Q. Toledo.

## Remulla: Lahat ng malls sa Cavite ay isasarado panandalian

Ipinabatid ni Governor Jonvic Remulla Mayo 18 ng umaga na

panandaliang ititigil ang operasyon ng mga malls, kasama na ang mga supermarket at drugstore na nasa loob, dahil sa kawalan ng social distancing dito.

Nagbukas ang mga malls noong Sabado nang isalagay sa General Community Quarantine (GCQ) ang lalawigan, maliban sa Bacoor City.

Hindi ikinatuwa ng gobernador ang naging resulta ng unang dalawang araw ng GCQ kaya't nilagdaan ni Remulla ang Executive Order na

nagbibigay ng bagong kautusan hinggil sa mga patakaran sailalim ng GCQ.

Isa rito ay ang pagsasara ng malls.

"Lahat ng malls sa Cavite ay panandaliang sarado dahil sa kanilang pagkawalang bisa ng social distancing. Sa labas ng mall bago magbukas; sa loob ng mall habang operations; wala po nakitang pinasusunod na patakaran ukol sa social distancing. Kung akala ng lahat ay kung pati sa mall ay PNP pa rin ay para

na rin ninyo sinabi na kalimutan na ang ibang trabaho at sitahin na lang ang nasa mall," giit ni Remulla.

"Kahit supermarket at drugstore sa loob ng mall ay sarado hanggang maka gawa nang haksabang ukol sa social distancing. Pasensya na sa taga-Bacoor, alam ko na ang malaking grocery ay nasa mall. Sandali lamang ito hanggang makabigay ng plano ang may kanya ukol sa social distancing," dagdag niya. #LetsFightCOVID19 (gocavite)

# IATF grants Bacoor City's appeal for Modified ECQ

Mayor Lani Mercado-Revilla

Bacoor City, Cavite -- The Regional Inter-Agency Task Force granted the local government's appeal for the reconsideration of the General Community Quarantine (GCQ) and placed the city under the Modified Enhanced Community Quarantine (MECQ) effective March 16.

This was revealed by

Mayor Lani Mercado-Revilla as she addressed her constituents in a video post yesterday, a day before the lifting of the ECQ and moving to the GCQ status in the province.

Mayor Lani Revilla said that, "The move was for the best interest and safety of all the Bacooreños in the wake of the COVID-19 threat that is

still very much present in our midst."

The MECQ brings not much difference because the same limitations on the movement of the residents remain in effect. Q-passes are still required for persons allowed to access food and essentials and to the employees/workers needed for establishments permitted to operate.

Mandatory wearing of face mask and social distancing will always be the rule when outside the residence.

Likewise, clustering of barangays and the clustering schedule of public markets, supermarkets, groceries and other establishments still remain in effect and curfew will be from 8pm - 5am with the exception of workers' duties beyond these hours.

Mass gatherings are strictly prohibited while meetings are limited to 5 persons only with social distancing strictly observed.

Outdoor exercises like walking, jogging, and biking are allowed within prescribed hours of 5am-7am and 4pm-6pm while senior citizens will have to exercise within house premises or backyards.

Schools remain

closed and transactions are limited to electronic transactions or online banking only.

The Barangay will issue new Q-passes to Q-pass holders who will return to work while Travel Pass are required for those transferring to new residences within the province and to job applicants for their job applications outside the city.

Mayor Revilla said, "It will be difficult because there is still no public transportation," as she pertains to IATF ruling on transportation limited to company and government shuttles and the allowance for social distancing in private vehicles allowed for Authorized Persons Outside of Residence (APOR).

Establishments and companies who are allowed to operate under IATF ruling will be controlled by IATF's operational procedures.

"Let us all be patient because in the right time we can move to GCQ and slowly start the city's economy," said Mayor Lani Revilla (RF, with reports from the video of Mayor Lani Revilla and from the FB page of the City Government of Bacoor)

## PAGPILI

1. Pag tao'y pinili ng isang Pangulo, Dahil nagpahayag nais magserbisyo, Dapat na malinaw sa sitwasyong ito, Na ang katapatan parte ng trabaho.
2. Sapagka't pinili dapat na gumanap Nang lubhang malinis at puno ng sipak, Dapat ding umiwas sa bigkas ng pintas Na itong Pangulo ang magiging sipat.
3. Dahil ang tiwala ng nagtatalaga, Sa aking palagay lubos ang halaga, Ang gawaing bigay, tuparing maganda, Na ang pakinabang ay tanggap ng masa.
4. Ang taong di ayos ang naging pagganap, Ang taong mayroong trabaho na korap, Ang taong pabaya sa gawaing hawak, Sila'y mga taong sa bayan di tapat.
5. Ang taong di ayos at taong pabaya, Sumusuweldo lamang kahit walang gawa, Serbisyo publiko naman dinadaya, Taong nagtatalaga ay nababahala.
6. Ang taong nalagay sa isang trabaho, Na ang pumipirma ay itong Pangulo, Hindi sila dapat magbigay komento, Na itong Pangulo nasa negatibo.
7. Pagka't sa ganito taong nagkomento, Ng samang kakalat sa ating publiko, Nagmumukhang taksil sa isang prinsipyo Di pagiging tapat niya itong nabisto.
8. Pagpili sa atin dapat alagaan, Hindi ito bagay na paglalaruan, Ating isaisip na ito ay banal Dapat alagaan sa gabi at araw.

**"AIRING OF 'WOW CHINA' IS PROPAGANDA": HONTIVEROS**

Habang may banta ang China na aarestuhin nito ang mga Pilipinong mangingisda sa Paracel Islands at Scarborough Shoal, patuloy naman ang pag-eere ng Chinese propaganda sa Radyo Pilipinas gamit ang sarili nating pondo sa sarili nating

state media. The Philippine Broadcasting Service (PBS) claims that "Wow China" is an "educational program" and that "its format is light, informative, and entertaining; in no way whatsoever does it espouse or promote a

particular political view or cause."

Isang kasinungalingan ito.

The Dec. 14, 2019 episode of "Wow China" featured the chair of the Nationalist Filipinos Against Foreign Intervention as its guest, and the topic revolved around the Hong Kong protests that were happening at that time. When asked about how the Philippine government should intervene, the guest answered, "We should be careful. China is a big trade partner ... We do not want to antagonize the Chinese government."

Nagtanong din ang host ng programa about the state of democracy in Hong Kong, to which the guest replied, "With the one country, two systems, China did not curtail democracy in Hong Kong ... Mainland government is not interfering in the internal affairs of Hong Kong. 'One country, two systems' is being respected by the Chinese government."

Clearly, 'Wow China' is Chinese propaganda.

Episodes on April 4, April 25, and May 9 of this year also clearly advanced Chinese state propaganda by including and de-

tailing the aid that China has given the Philippines to fight the COVID-19 pandemic in portions of

the show. The host of the May 9 episode even said: "Hindi tayo pinababayaan

# #KAPITNANAY WITH MARIAN AND WALTERMART

This Mom's Month, Marian Rivera-Dantes shares the story of the amazing moms who have molded her to become the person that she is today, and how she, as a mom, faces the challenges of our present situation with WalterMart.

Marian feels fortunate that she has two moms. She grew up with her lola, whom she fondly calls nanay, after her parents separated when she was two. It was her nanay,

Marian loves WalterMart Supermarket delivery services. Visit [www.waltermartdelivery.com.ph](http://www.waltermartdelivery.com.ph)

whom she considers the heart of the home (puso ng tahanan), who taught Marian that you can surpass anything if you have determination in life, faith in God, and believe in yourself and in the people, that surround you and love you - values that have contributed to her success.

And then, there is her mom, who she became close to when she returned, and now considers more of a best friend.

As a mom in our current situation, Marian's priority is her kids. She comes up with activities for her 4-year-old daughter Zia to keep her busy - home-studying, doing funart and craft activities and baking.

Marian is also hands-on in planning and preparing food for her family. "Iyon ang pinakamahalaga na maihain ko sa kanila kung ano ang dapat at ligtas para sa kanila."

She makes sure to get fresh ingredients and to complete her grocery list from WalterMart. And now because of the ECQ, Wal-

terMartSupermarket delivery service is a big help for her.

Acknowledging, however, that she can't do everything herself, she believes that teamwork is important in families with husband Dingdong, daughter Zia, and of course, herself - taking on different tasks.

This Mother's Day, Marian thanks all moms for taking care of and loving their families. While she feels sad about the current situation, she feels it is important that "we stay strong together, stay in touch, and inspire each other."

"Kung may kapitbahay na nagtutulungan sa oras ng kagipitan, tayo namang mga mommy ay magkakapit-nanay," she suggests.

This Mother's Month, Marian gives a special salute to our "kapit-nanayfrontliners -doctors, nurses, police at military. Mga government workers, food and grocery workers,

OFWs, at lahat ng essential workers." She believes that together, "kaya natin ito dahil magtutulungan tayo. Mabuhay ang mga #KapitNanay.

Like Marian, you can enjoy WalterMart's hassle-free grocery shopping experience through WalterMart Delivery service. Just visit [www.waltermartdelivery.com.ph](http://www.waltermartdelivery.com.ph) for all your grocery needs.

And those who wish to visit the supermarket need not worry as WalterMart implements its 4S program - Screening, Sanitation, Social Distancing and Service - across all WalterMart Community Malls. This is to ensure the well-being and safety of the families and communities it serves amid the coronavirus pandemic. (KCHT)

## Cavite LCEs join USAPANG DIBDIBAN...

(from p. 3)

Philippines through its TB Platforms Project with Chief Party facilitator USAID's TB Platforms for Sustainable Detection Care and Treatment Project Head,

Dr. Marianne Calnan together with Region IV-A Field Operations Area Manager, Dr. Karen Dalawangbayan which tackled the role of the local government

units in responding to tuberculosis, the world's number 1 killer disease, in the midst of the ongoing health emergency crisis.

According to statistics, 70 Filipinos

die of TB every day and TB patients are of higher risk to get infected of COVID-19 especially the senior citizens, pregnant women and children. TB centers are now being used as COVID-19 Centers and doctors and nurses are being pulled out to join the COVID emergency response.

"It is a daunting task for the province and LGU heads to move fast and implement local TB-COVID-19 actions," said Dr. Dalawangbayan.

Thus, Governor Jonvic Remulla along with all the mayors agreed to

strengthen the province's and the respective localities' TB response by maximizing the available support from the national government and the private sector to be able to provide continuous TB treatment in TB DOTS and Barangay Health Centers, and in government hospitals in the province.

Likewise, USAID's TB Platforms will provide continuous technical assistance to the local chief executives as well as their health and information officers in spearheading a

massive information and education campaign on infection prevention and control for TB and COVID-19.

With the General Community Quarantine in place, stricter guidelines for the implementation of proper hygiene, social distancing and maintaining of safe and healthy workplaces will be ensured and monitored by the LGU thru the concerned local government agencies. PBS' statement also said that it has agreements with the UK's BBC and Thailand's Sawasdee, as well as airing news on ASEAN countries, but let it be made clear that these

countries are not violating our national sovereignty in the West Philippine Sea. Hindi tayo binubully ng mga bansang ito, hindi inaangkin ang mga islang tunay na atin.

It is infuriating that while our government continues to promote

all that is well and good about China, albeit using Filipino taxpayers' money, the Chinese government continues to destroy our reefs, establish new districts in our territory, and harass Filipino fishermen in our own seas. #####

# LGU Imus approves resolution, ordinances to help Imuseños amid crisis

IMUS CITY, Cavite -- The local government of Imus recently approved a resolution and ordinances to address concerns and lessen the burden of fellow Imuseños pursuant to R.A. 11469 or the Bayanihan to Heal As One Act.
