ANG KATOTOHANAN

1. Katagang totoo'y malimit marinig, Ang nagsasalita'y totoo ang giit, Subali't maraming hidwaang sumapit, Dahil di matanggap ang totoong banggit.
2. Ang katotohanan mahirap malaman, Dahil tayo'y taong kapos ang isipan, Ang alam lang natin ay totoong hapyaw, Pagka't isip natin laan sa mababaw.
3. Ang alam ng tao ay "Relative" lamang, Kumporme sa bagay na pinag-usapan, Ang sabi mong mura sa iyong tindahan, Mahal pala ito pag sa pamilihan.
4. Ang sabing maganda'y kumporme sa mata, Nitong nagmamasid sa isang dalaga, Kapag manliligaw o kaya'y pinsan niya, Maganda talaga dahil gusto nila.
5. Sa Siyensa totoo'y may mga bahagdan, Una ay Teorya kung tawagin lamang, Maraming proseso ang kinakailangan, Bago maging batas at paniwalaan.
6. Pag batas na ito nitong Kalikasan, Ito ay totoo sa sandaigdigan, Nguni't baka ito'y di dapat panundan, Kapag isang tao ay dumayo sa buwan.
7. Ang mga totoong naulat sa mundo, Na sa kasaysayan mababasa ito, Totoong nangyari'y may dagdag na punto, Ginawang leyenda* ang dati'y totoo.
8. Di dapat magtalo sa ngalang totoo, Dahil ang opinion kasali na dito, Ang katotohanan na tama sa iyo, Di dapat igiit para walang gulo.

SM City Calamba activates Operation Tulong Express for the victims of Typhoon Rolly

DTI...

(from p. 1)

Ms. Angel Toreja, SM Supermalls AVP for Operations South - 3, spearheaded the turnover of the kalinga relief packs

As a part of SM Supermalls corporate social responsibility, SM City Calamba along with SM Foundation, Inc. mobilized Operation Tulong Express, a relief operations program to extend support to those who were heavily devastated by Typhoon Rolly.

A total of 1,169 kalinga relief packs were distributed to families situated on the different barangays in Calamba. The local government units of the different barangays were thankful for the voluntary assistance offered by the SM Management. (KCHT)

submerged the areas in nightmarish floods. This caused severe damage to private properties and infrastructures in the city and forcing deeper into hardship industries that are still reeling from the effects of the pandemic.

Secretary Lopez assured the evacuees of the Department of Trade and Industry's (DTI) commitment to helping them, particularly the micro, small, and medium enterprises (MSMEs) whose livelihoods were devastated by the flooding.

DTI is ready to assist those affected through the Pangkabuhayan sa Pagbangon at Ginhawa (PPG) and Pondo sa Pagbabago at Pag-asenso (P3) programs.

"Naglaan po ang DTI ng dalawang milyong pisong ayuda para sa mga kababayan natin na sinalanta ng bagyo at nawalan ng kabuhayan. Hinihikayat din po natin sila na mag-loan sa ilalim ng SB Corporation's COVID-19 Assistance to Restart Enterprises or CARES Program ng walang interes," said Secretary Lopez.

Under the PPG program, DTI is extending livelihood support to MSMEs affected by different calamities. The program has provided training with livelihood kits to thousands of MSMEs in distress throughout the country.

Joining the Secretary at the visit are other

DTI officials led by Undersecretary Blesila Lantayona, Assistant Secretaries Dominic Tolentino and Niño Contreras, and DTI-NCR Director Marcelina Alcantara. The team led the turn-over and distribution of 70,000 pieces of face masks to the evacuees.

"Libreng Face Masks Para sa Bayan" is an initiative on the Office of the President through the Department of Health and other agencies. Under this project, DTI is tasked to tap various MSMEs, cooperatives, and weaving communities to help in the production of reusable and washable face masks.

"DTI, through the Regional Operations Group, has been very responsive to the needs of our fellowmen affected by the calamities through our programs and projects," ROG Undersecretary Lantayona expressed her compassion and support to the victims of Typhoon Ulysses.

"Makakaasa po ang ating mga kababayan na tuluy-tuloy lang po ang tulong ng Kagawaran para muling ibangon ang kanilang nasirang kabuhayan," ROG Assistant Secretary Tolentino added.

Among those visited were evacuation centers located at Malanday Elementary School and Concepcion Integrated School which houses 481 and 393 families respectively.

TURN OVER OF AUTO DISINFECTANT PASSAGE SYSTEM sponsored by the LIONS CLUB. The machine is positioned at the main entrance of the city government building to ensure that no client and stakeholder may be able to gain access/entry to transact their business compromising the health and well-being of employees who have painstakingly reporting for duty to be of service since the onset of the pandemic.

DENR WARNS "CATASTROPHIC" EFFECT OF QUARRYING OPERATIONS IN UNSTABLE UPLAND AREAS

MANILA - The Department of Environment and Natural Resources has warned against persistent mining and quarry operations in areas identified as unstable as these may cause serious damage in low-lying villages and further siltation of the Cagayan River.

During an interview, DENR Undersecretary Jonas Leonel said that they are now assessing alternative areas for legal quarry and mining operators in Region 2, which was affected by the flooding.

"Gusto po muna natin iwasan dun sa mga area na unstable kasi ito po yung nagbibigay ng silt at sediments na kapag po nagkaroon ng quarry operations dun sa taas, talagang medyo magiging catastrophic po yung magiging epekto [We want to avoid those unstable areas because these are contributory to silt and sediments. Once there are quarry operations on these areas, then it would be catastrophic]," he said during the Network Briefing News with host Presidential Communications Operations Office (PCOO) Secretary Martin Andanar.

"Ang gusto lang po natin talaga ay yung dun sa mga river system, dun lang po sila pwedeng mag-quarry [We want them to conduct operations in our river system]," he added.

He appealed for illegal miners and quarry operators to already cease operations while assuring that the government is ready to provide alternative livelihood for them.

"Kung ma-suspend man itong mga quarry operations, siguro pwede nating hilingin na bilisan yung assessment so that all illegal quarry operators will be suspended, but legitimate ones and legal operators will be allowed to undertake their quarry operations," he said.

Apart from this, the DENR has approved the dredging activity along Cagayan River's heavily silted channels to address another onset of widespread flooding.

Usec. Leonel bared that the river is becoming shallow and narrower which minimizes its holding capacity in times of continuous heavy downpour.

"Kailangan linisin natin dahil ito po yung nagko-cause ng flooding. Kung nakabara po 'yang basura

at medyo heavily silted, talagang pong tayo ang maaapektuhan [We have to clean it up because it will cause flooding. If there are deposits as it is already heavily silted, then we will be greatly affected]," he said.

Currently, the DENR, in coordination with concerned agencies and local government units, is conducting assessments on areas affected by the flood, in order to respond with appropriate programs.

Along with the dredging projects to be conducted, Usec. Leonel said that they have recommended reforestation projects under DENR's National Greening Projects to be implemented in Cagayan Valley, especially in watershed areas.

The agency is also eyeing reforestation projects in upland areas through its Integrated Social Forestry Program (ISFP), which encourages villagers to cultivate forest trees and agricultural crops.

"Meron din po tayong available na perennial crops na pwede nating ilagay din sa kagubatan. Hindi man mapuputol but the communities can benefit from the fruits of the trees that it can provide. This can be part of the alternative livelihood to be given to the communities instead na magputol pa sila dun [We also have perennial crops that we can plant in forests. This can't be cut down as timber but the communities can benefit from the fruits of the trees]," he added.

ISFP aims to

assist families generate incomes through the use of appropriate upland technologies while protecting the environment. ###
