CANCELLED

“I’m nobody. Who are you?” - Emily Dickinson, American Poet

Due to the various deficiencies of the submission of requirements to conclude the Joint Venture Agreement for the Sangley Point International Airport, the Cavite Provincial Government Special Selection Committee has recommended the non-approval of the redevelopment of the former airbase as presented by the applying parties (full text of the letter will be published later).

The recommendation was accepted and approved by my office dated January 26, 2021.

While it does cancel the negotiations, the project shall restart and hopefully have a progressive negotiation with a more qualified partner by October 2021.

I still believe that a new international airport is important for the country in the long run. It must also be stressed that the cancellation is not prejudicial against anyone. Maraming salamat po.

Imus LCE prepares for COVID-19 vaccination program

IMUS CITY, Cavite -- In preparation for the arrival of the COVID-19 vaccine,

Mayor Emmanuel L. Maliksi met with the local COVID-19 Task Force to discuss the protocols for the city's vaccination program, in accordance with the guidelines established by the Department of Health

(DOH).

Mayor Maliksi said the vaccine that will be provided by the national government will depend on the assessment and result of the 3rd phase of the clinical trials conducted for specific vaccines, among other parameters used for the choice of

COVID-19 vaccines to be purchased by the national government.

Maliksi said that in December, the national government had talks with the drug manufacturer Pfizer-BioNTech-- which was the only vaccine issued an Emergency Use Authority (EUA)--while

the Tripartite Agreement of the League of Cities in the Philippines preferred the cost efficient vaccine from AstraZeneca.

According to the local chief executive, City Health Officer Dr. Randy Calingasan wrote to the Department of Health to coordinate for the

and final consent area; (4) screening area; (5) vaccination area; and (6) post-vaccination monitoring area. An Advocacy Center was also established at the C3, which is in-charge in the production

“Taong-bayan ang nalulugi kapag hindi nagagamit ang pondo ng mabuti”

Sa sapat na pondo nagmumula ang matapat na reporma para sa ating lungsod. Kaya't nag-uugat sa tamang pagpapalano ang tagumpay ng lahat ng proyekto ng ating pamahalaan.

Sa loob ng isa at kalahating taon ng pamumuno ng inyong lingkod, ipinatupad po natin ng maayos, dekalidad at mabilis ang mga “DEVELOPMENT PROGRAMS” para sa mahal nating lungsod.

Nakapagtala po tayo ng kabuuang 68 infrastructure projects sa loob lamang ng 1 1/2 na taon.

Nagawa natin ang nasabing mga proyekto dahil siniguro ng inyong lingkod ang:

Pag gastos ayon sa ating kakayanan, Pinagkakagastusan natin ang mga dapat lamang pagkagastusan, Nakikita natin kung saan napupunta ang ginagastos natin.

1. Isang Gobyerno, Nagkakaisang Plano:

Tulong-tulong ang mga departments at empleyado ng ating pamahalaan panglungsod sa pagbuo ng mga kapaki-pakinabang na proyekto at kumikilos bilang isang gobyerno.

Nagkakaisa ang opisyal ng pamahalaang lungsod sa pagpapatupad ng mga prayoridad na programa kung kaya mas marami tayong nakakamit.

Dati, tambak ang mga nakalinyang proyekto ngunit hindi maisakatuparan, ngunit dahil napag isa ng kasalukuyang pamahalaan ang proseso ng pagpapatupad ng isang proyekto at nai aayos agad ang tamang pondo para dito ay mabilis na nauumpisahan ang mga pagawaing bayan.

2. Tapos na Dapat sa Loob ng Isang Taon ang Proyekto.

Kailangan matapos sa loob ng isang taon ang isang proyekto nang hindi maantala ang paghahatid ng serbisyo-publiko at masulit ang paggamit ng pondo.

Kapag hindi matatapos ang proyekto sa loob ng isang taon, hindi na magagamit ang pondong inilaan para dito dahil pang-isang taon lang ang bisa ng pondo.

Ito ang isinusulong na patakaran para masiguradong agarang magagawa ang mga proyekto at masusunod bawat taon ang mga plano ng gobyerno.

Ipinatupad ang patakarang ito upang maudyok ang mga departments na paghusayan at bilisan ang paggawa ng kanilang mga proyekto.

3. Ang Proyektong Hindi Epektibo, Walang Pondo.

Susuriin kung epektibo o hindi ang mga programa at proyekto ng pamahalaang lungsod.

Kapag nakitang hindi mabisa ang isang proyekto, babawasan o kaya'y hindi na ito popondohan upang hindi masayang ang pera ng bayan.

Hindi po tayo tumitigil sa pag-iisip ng kapaki-pakinabang na proyekto para sa mamayan ng Trece Martires.

Pakiabangan po ang mga proyekto natin sa taong 2021.

Hindi po tayo mapapagod maglingkod.

Hindi natin susukuan ang pandemya.

Tuloy-tuloy ang serbisyo para sa mamamayang Treceño.

The BSC, through Simon, and Dennis Lim of TawsenAgri-Ventures, signed the Technology Licensing Agreement (TLA) for the beverage.

Simon highlighted the significance of the Ivatan Beer to the people of Batanes. "The fact that the Ivatan Beer is made from the locally-grown 'wakay' or sweet potato, which is abundant in Batanes, the product becomes even more interesting and appealing

to the locals of Batanes," he told the Philippine News Agency.

Lim, a former college instructor who had turned entrepreneur, said the Ivatan Beer's commercialization will "immensely contribute to the flourishing Batanes' tourism industry."
