PH COMMITTED TO COMPLETION OF 6 'SMART CITY' PROJECTS: DILG

The Department of the Interior and Local Government (DILG) said the Philippine government has expressed its commitment to finish its six smart city projects during the 4th Asean Smart Cities Network (ASCN) Annual Meeting held virtually on Monday.

In a news release on Wednesday, DILG Undersecretary for Local Government Marlo Iringan, who represented DILG Secretary Eduardo Año to the meeting, said while the coronavirus disease 2019 (Covid-19) crisis stalled the implementation of

smart city projects, the Philippines -- through its participating local government units (LGUs) -- remains committed to pursuing its smart city initiatives.

"Meeting challenges in the implementation of our smart city projects was inevitable primarily

because of the Covid-19 crisis as local government resources were poured into pandemic response and imposition of health protocols," he said.

"Despite these obstacles, we will fulfill our commitment to complete the smart city projects as they will

improve the delivery of government services and make things more convenient for the public," he added.

The smart city projects which were showcased by the DILG during the ASCN meeting are the Command Center Upgrade and E-government Services in the City of Manila; Bus Rapid Transit System and Digital Traffic System in Cebu City; and Converged Command and Control Center and Intelligent Transportation and Traffic Systems with Security in Davao City.

Established in 2018

during the 32nd Asean Summit, the ASCN is a collaborative platform where cities from the 10 Asean member states work towards the common goal of smart and sustainable urban development. It aims to facilitate cooperation on smart cities development, catalyze bankable projects with the private sector, and secure funding and support from Asean's external partners.

The 26 ASCN Pilot Cities are: Bandar Seri Begawan, Battambang, Phnom Penh, Siem Reap, Makassar, Banyuwangi,

PAGTATAYO NG RETARDING BASINS, INAASAHANG LULUTAS SA PAGBAHA SA CAVITE

Inaasahan ng Department of Public Works and Highways (DPWH) na ang pagtatayo ng mga retarding basin ay makakatulong sa mga "flood hazard area" sa Cavite lalo sa panahon ng tag-ulan at mabilis na pagbabago ng pandaigdigang panahon.

Nagpahayag ng kumpiyansa si DPWH Secretary Mark A. Villar, na ang Flood Risk Management Project sa Imus ay ang pinakamahusay na solusyon para sa mga lugar na mabilis bahain sa lalawigan.

"We have high hopes that this project will reduce flood risk to local homes and businesses," ani Villar.

Ayon kay DPWH

Undersecretary for Unified Project Management Office (UPMO) Operations Emil K. Sadain, ang pagtatayo ng dalawang proyekto ng reservoir na pinangalanang Imus at Bacoor Retarding Basins, na matatagpuan sa Brgy. Anabu at Brgy. Bawasan na Tubig, ay makababawas sa "flood peak discharges" sa mga Imus at Bacoor Rivers.

Batay sa ulat ng PIA,

"Retarding basins are being constructed to temporarily store most, if not all, of the rainwater runoff during very high rainfall, to absorb and contain flooding in periods of high rain and later release at regulated flow rate."

Ang naturang proyekto ay batay sa isang master management plan para sa Imus River na inihanda ng Japan International Cooperation Agency (JICA).

DOH: No SRA for health workers in 2022 budget

The Department of Health (DOH) said Wednesday that there were no funds for the special risk allowance of health workers in the 2022 budget despite the pandemic.

Health Secretary Francisco Duque III clarified that the budget for the SRA was lodged under the proposed Bayanihan 3 bill during the Agency briefing before the House Committee on Health.

Meanwhile, some health workers protested for the long-delayed in their special risk allowance and hazard pay as front liners in the fight against COVID-19.

However, in the explanation of DOH director Larry Cruz, in the P311 million budget P308 million of this was disbursed already to various health facilities.

From the expired Bayanihan 2 allocated P13.5 billion for health workers, Marikina 2nd

District Rep. Stella Quimbao said, P311 million release is not enough. Since only 20,000 workers may get their allowances and there are about 148,000 who have to be paid.

Though Bayanihan 3 only carries over the expired Bayanihan's provision for the special risk allowances, there's still no assurance if it would become law.

SUSPEK SA PAGNANAKAW NG ALAHAS SA TANZA, ARESTADO HABANG SUOT ANG ILAN SA TINANGAY

Inaresto nitong Agosto 31, ang isang lalaki sa Brgy. Daang Amaya 3, Tanza matapos na makitang suot niya ang ilan sa mga umano'y ninakaw na alahas.

Ayon sa ulat ng pulisya, pagkauwi ng biktima na itatago natin sa pangalanang "Maria" mula sa bakasyon ay saka niya napagtanto na ninakawan siya ng mahahalagang bagay at

alahas na nagkakahalaga ng P25,000 sa loob ng kanilang tahanan.

Matapos nito ay agad siyang nagtungo sa barangay upang makahingi ng tulong. Nagkataon naman na nakita ang suspek, na kinilala bilang si Rafael Arauban, na suot ang mga ninakaw na alahas na humantong sa pagka-aresto niya at pagkarekober ng ilang mga alahas.

ANG AKASYA

1. Pinulot ang buto sa isang daanan,
Hindi niya batid yaong pinagmulan,
Pinasibol ito at inalagaan,
Hanggang lumaki na't gusto'y pakinabang.
2. Ang bunga'y hinintay nang mahabang hintay,
Dahon ay bumagsak naman araw-araw,
Sa dami ng pagod nang bunga'y dumatal,
Nalaman niyang pagod ay di natumbasan.
3. Bunga ng akasya tulad sa malunggay,
Mahaba ang bungang may butong tinakpan,
Ang isang malunggay puwedeng maging ulam,
Ang akasyang bunga'y walang pakinabang.
4. Parang pulitiko na sinundan-sundan,
Laging nangangako sa bawa't gampanan,
Na tulong ng tao ay matutumbasan,
Nguni't dakong huli ay napako lamang.
5. Pagka't ang akasya'y di laan sa bunga,
Tuyo ang tahananang Aprika nang una,
Disyerto'y malapit sa pinagmulan niya,
Lilim saka dahon, handog niyang ganansya.
6. Ang puno'y may lahi na isang mimosa,
Dahon umuurong na parang nalanta,
Magtipid sa tubig ang nagiging pasya,
Sa gabi'y yuyuko ang dahong maganda.
7. Datapwa't akasya'y isang puting puno,
Lumalaki itong may silbi sa kuro,
Ginagawang mesang makinis sa hipo,
Mainam pagmasdan sa mayamang dako.
8. Dahon ng akasya ay sumasagisag,
At simbolo ito ng imortalidad,
Ginamit sa ritwal nitong fraternidad,
Kaya kinilalang bantog nitong lahat.

COMELEC VOTER REGISTRATION AT SM SUPERMALLS

The Commission on Elections and SM Supermalls recently launched 76 satellite COMELEC Voter Registration centers at the SM Supermalls to provide voters with more registration venues. This will run in SM Supermalls

nationwide until Sept 30. This gives the public a safer, more convenient option amidst the prevailing COVID health crisis. Shown during the launch at the SM Mall of Asia are COMELEC Commissioner Aimee Ferolino(center) joined

by (from left to right) COMELEC Director IV for Election and Barangay Affairs Department Atty. Divine E. Blas-Perez, COMELEC Director IV for Education and Information James Jimenez, SM Supermalls President Steven Tan

and SM Supermalls SVP for Operations Bien Mateo. SM Supermalls is providing free space and waived charges to essential conveniences so they can efficiently operate the registration centers. (KAREN CHRISTINE H. TIQUI)

DKI Jakarta, Luang Prabang, Vientiane, Johor Bahru, Kuala Lumpur, Kota Kinabalu, Kuching, Nay Pyi Taw, Mandalay, Yangon, Cebu City, Davao City, Manila, Singapore, Bangkok, Chonburi, Phuket, Da Nang, Hanoi, and Ho Chi Minh City. Brunei Darussalam holds the ASCN chairmanship this year, as it follows the Asean chairmanship.

During the meeting, Iringan also said that the challenges of the Covid-19 pandemic underscored the need for local economies to shift to information and communication technology-based solutions to minimize health risks and to increase coping capacities.

"Maintaining the symbiotic relationship between the network and

its member countries and smart cities will help them ride out the pandemic and catalyze economic recovery," he said.

According to Iringan, smart cities have realized that forging partnerships are necessary to overcome the challenges and to move forward.

"The Philippine Government expresses its appreciation for the opportunities for partnerships extended through this platform. However, we would like to seek the ASCN's support for the completion of the smart city projects needing digital infrastructure and applications support," he said.

He said the configuration of these projects is focused on the need for an efficient emergency and crisis

response center that provides real-time information for the safety, protection of constituencies, and increased resilience considering the country's location in the Pacific Ring of Fire.

According to Iringan, the improvement of the traffic management and transportation systems as well as the provision of e-services in government transactions are being pushed to lessen travel trips and provide for efficient mass transportation systems to address the longstanding problem of mobility and traffic congestion in urban cities.

Manila, Cebu, Davao smart city projects

In his country report, Iringan presented the command center upgrades at the Manila

City Hall which mainly acts as a contact center and dispatch center for emergency services. Said command center showcased 28 display panels and over 100 high-end cameras strategically placed throughout the city that allows recognition of facial features and license plates.

On the other hand, Manila's e-Government Services through the Go! Manila web and mobile applications addressed the need for online processing and payment of government services during the pandemic. The mobile application also addressed problems on long queues, time-consuming processes, fixers, and the need for physical presence in the City Hall.

Currently, the features of the app include

the City of Manila's Real Property and Business Tax payments; a wide range of facilities for payment of bills for government and private entities; securing of other government permits and documents such as residence certificate, birth and death certificates, occupancy permit and health certificate; payment of utilities, money transfer transactions, among others.

Meanwhile, Cebu City's Bus Rapid Transit (BRT) Line Plan aims to improve the overall performance of the urban passenger transport system for a more efficient intra-city mass transportation. As for the city's Digital Traffic System project, Iringan reported that 18 of the 85 road intersections in the city have already been

installed with sensors and high-resolution surveillance cameras for vehicle detection, license plate recognition, and speed dome for general surveillance.

Davao City's Converged Command Center, on the other hand, is now in the second phase of its five-phase implementation scheme with digital infrastructure, underground cables, aerial installation of fiber optic cables, and additional closed-circuit televisions or CCTVs for surveillance currently being installed. Its complementary project dubbed as High Priority Bus System (HPBS) is now 70 percent complete while the design of depots and terminals for electric bus (eBus) is 30 percent in progress. (PR)

DOH asks public to brace for continuous increase of Covid-19 cases

The Department of Health has urged the public to brace up due to the increasing number of Covid-19 cases in the Philippines.

According to DOH Undersecretary Maria Rosario Vergeire, the public should prepare and

still follow the health and safety protocols for Covid-19. As of now, the Delta variant is the most dominant variant in the country.

"Delta variant is highly transmissible and it is going to produce this increase in cases in

the coming weeks or months," she told "The Chiefs" on One News on Monday night, Aug. 30.

"22,366 is the highest-day tally logged as of Monday that raised to the overall number of 1,976,202." Vergeire stated.

The official said the upward trend had already started and they are seeing that this will continue. However, noted that despite the rise in COVID-19 patients, the severe and critical cases "should be kept at the minimum."

She also cited the case of NCR where the number of active cases was projected to reach

83,000 by the end of August. "But now, we are only 41,000 and this means that the response that we have been implementing is still working and we have to continue them," she said.

"Covid-19 cases may peak by mid-September, and the most important is we keep those severe and critical cases to that minimum level" to

avoid overwhelming the health system," Vergeire added.

Vergeire disclosed the Delta variant is now present in all regions, except in the Bangsamoro Autonomous Region in Muslim Mindanao (BARMM). More Delta variant cases were also detected in Calabarzon, Central Luzon, and NCR.

National ID, 'Valid' sa lahat ng transaksyon sa BIR

Inanunsyo ng Philippine Statistics Authority (PSA) na tinatanggap na sa lahat ng transaksyon sa Bureau of Internal Revenue (BIR) ang National ID mula sa Philippine Identification System bilang isang 'valid proof of identity'.

Kabilang ang Philippine Postal Corporation (PHLPost) at Department of Foreign Affairs (DFA) sa mga ahensyang ineendorso at kinikilala ang National ID.

Gayundin ang Bangko Sentral ng Pilipinas na ineenganyo ang lahat ng bangko sa bansa na tanggapan

ang National ID sa mga transaksyon.

Ang sa RA. No. 1055 o mas kilala bilang Philippine Identification System (PhilSys) ay nilagdaan at isinabatang ni Pangulong Duterte noong 2018. Nakasaad dito na ang Phil ID o National ID ay kakatawan bilang isang opisyal na 'government-issued identification' sa lahat ng transaksyon sa mga National Government Agencies, LGUs, pampubliko at pribadong paaralan, financial institutions, at maging sa mga pribadong institusyon.

Nakasaad din dito na

may kaukulang parusa at pagbabayaran ng Php 500, 000 multa ang anumang institusyong hindi kikilala o tatanggap ng National ID.

Batay sa pinakahuling datos, tinatayang nasa 26, 322, 999 na ang bilang ng mga mamayang nakatapos na ng kanilang Step 1 at Step 2 Registration.

Samantala, nasa 1, 048, 255 naman ang nakatanggap na ng kanilang National ID sa pamamagitan ng door-to-door delivery ng PHLPost.

Ang buong transaksyon at proseso ng pagrerehistro hanggang sa pagtanggap ng ID ay walang bayad.

CONTAINER VANS, GINAWANG COVID-19 WARD SA STRH

Gumagamit na ng container vans bilang COVID-19 wards, ang Southern Tagalog Regional Hospital (STRH) sa Bacoor City upang mapalawig pa ang kapasidad nito sa pagtanggap ng mga pasyente.

Batay kay Dr. Ruby Ephraim Rubiano, medical center chief ng STRH, nasa 20 karagdagan kama na ngayon ang ginagamit para sa mga pasyente ng COVID-19, bukod sa karagdagan 40 kwarto

na ginagawa.

"Bilang tugon na rin sa surge ng pasyente ng COVID, iyon po ay para makadagdag po tayo ng bilang ng beds para COVID, lalo na po sa mga moderate," pahayag ni Rubiano sa panayam ng ABS CBN News sa telepono.

Matatandang nitong nakalipas na Sabado at Linggo ay isinara ang pasilidad para sa COVID at non-COVID patient matapos na mapuno ang kapasidad nito at pagkakasakit ng

ilang health workers.

Dagdag pa ng doktora, ginagamit na rin umanong COVID ward ang iba pang pasilidad sa ospital.

"Dati na pong puno. Kaya lang po, dahil sa kakulangan ng gamit natin, like mga oxygen at ventilator, ninanais din po namin na limitahan na rin (ang bilang ng mga tatanggaping pasyente) ayon sa aming kakayahan. Plus, 'yung atin pong mga worker ay nahahawa na rin po sa ngayon," aniya.

NAWAWALANG SA BAKUNA NG LUNGSOD NG IMUS, IIMBESTIGAHAN

Sinabi ng Pamahalaang Panlungsod ng Imus nitong Huwebes na magsasagawa sila ng sariling fact-finding mission ukol sa naiulat na 4,000 dosis ng bakuna na "unaccounted".

Ayon sa ulat ng "24 Oras", napag-alaman umano ng Department of Health Calabarzon na mayroong "discrepancies" o di pagkakatugma sa vaccine vials ng lungsod noong

Agosto 19. Dahil dito, agad na pinahintulutan ni Imus, Cavite Mayor Emmanuel Maliksi ang kanyang mga opisyal sa lungsod na magsagawa ng pagsisiyasat sa di umano'y iregularidad sa kanilang rollout sa pagbabakuna. "Ayaw siyempre natin na mabahiran ng anomalya, kung mayroon," pahayag ni

Maliksi Sa hiwalay na ulat ng "24Oras" noong Setyembre 1, sinabi ng National Bureau of Investigation (NBI) na nagsimula na rin itong mag-imbetiga tungkol sa mga nawalang bakuna mula sa Imus. Ang mga bakuna ay ipinagkaloob umano sa mga kumpanya na handang magbayad para sa mga gamot.

Gen. Flaviano Yengko was a resident of Manila of Chinese extraction but he joined the revolution to prove to a woman he loved that he could fight for the country. He joined in the Battle of Binakayan in November 1896 and in the Battle of Pasong Santol together with Gen. Crispulo Aguinaldo. He was hit in the stomach and was carried to safety while his wound was being treated. He was nursed by his girlfriend but he died of urine complications. A street in Imus was named after him.

DREAM DESKS FROM OUR HOME

After more than a year of working from home, it's time to indulge yourself by creating a working space that's both decorative and functional. And most likely, the desk will be the centerpiece of one's home office in terms of design and activity.

The good news is that whether you're working from home, having an online class, starting a new business or hobby, or simply browsing the net, Our Home has stylish selections that combine comfort, functionality and designs that you'll love. And it offers some tips when choosing your dream desk.

Choose a desk that's right for your needs and that suits your space and style. Consider your workflow and activities to make sure that you can use your desk comfortably

and productively.

Also, consider your overall house design in choosing your desk. If your place is more traditional, the classic Hambu Writing Desk would be a perfect fit; while the white Havana Computer Desk will compliment contemporary spaces.

Size (and Shape) Does Matter. Making the mistake of buying a desk that's either too big for your space or too small for the way you work will not be good for your productivity and comfort.

You'll also discover that apart from size, your desk shape does matter in helping you getting organized. Rectangular desks, like Our Home's Gavin's Office Desk, are the most popular choice, and these are available in a variety of width and depth sizes. Corner desks

Our Home's Farkins Office / Study Desk has one side for writing and paper work, and another side for storage and décor.

for awkward spaces, and wave desks that provide you with the benefits of a rectangular desk while also giving you a larger

desk top, are also great alternatives.

Consider Storage. Without any storage, your home desk

can become cluttered and disorganized. Opting for a chest with drawers is an ideal way to keep your workspace organized and to make sure that all your essentials are at your fingertips. Better still, opt for a desk and storage combination.

Sitting Well. Sitting comfortably at your desk is necessary for making sure that you can be as productive as possible as you work. It will also ensure your back is continuously supported. Our Home has ergonomic chairs for a healthy WHF, as well as desk lamps to make sure your area is properly lighted.

from plants and minerals coupled with safe and tested ingredients. They contain no harmful chemicals, and if you have sensitive skin they're just perfect for you. And sustainable for you and the environment.

What makes The Body Shop's new haircare routines so powerful is that they're all made with Vegan Silk Protein, a 100% plant-based protein, which cleverly replicates the chemical structure of natural silk produced by the common European garden spider. But The Body Shop's is fully plant-based – and ALL The Body Shop's haircare is now registered by the

Pinamunuan ni Vice Mayor Ony Cantimbulan ang 35th Regular Session via Zoom Conference. Sa ngayon ay ibinubuhos natin ang buong atensyon sa pagsisigurong naiingatan at napagbubuti ang kapakanan ng mga Imuseño lalo na sa gitna ng pandemya. Kaakibat po nito, humihiling din po ako sa inyo na makiisa sa ating lokal na pamahalaan sa pagsawata ng pataas na trend ng COVID-19 sa ating lungsod. Lagi pong mag-face mask at syempre, huwag kalimutang mag-social distancing.

Kaalaman tungkol sa Gugo bilang halamang gamot

Ang gugo ay isang mataas na puno na may katawan na sintaba lamang ng braso. Kilala ito dahil sa balat ng kahoy (bark) na maaaring gamiting alternatibong shampoo para sa buhok. ANg mga dahon ay bilugan na pahaba, habang ang mga bulaklak naman ay maputi na manilaw-nilaw. Ang bunga ay kahalintulad ng sampalok na buno ng buto sa loob. Karaniwang makikita ang puno sa mga kagubatan

Scientific name: *Entada phaseoloides* (Linn.) Merr.; *Entada formosana* Kaneh.; *Entada rumphii* Scheff.
Common name: Gugo (Tagalog); St. Thomas Bean, Cali bean (Ingles)

ng hilagang Luzon, Palawan, at sa Minadano.

Ano ang mga sustansya at kemikal na maaaring makuha sa Gugo?

Ang iba't ibang bahagi ng gugo ay maaaring makuhanan ng maraming uri ng kemikal at sustansya na maaaring may benepisyo sa kalusugan:

Ang buong halaman ay may taglay na saponin, langis, alkaloid, sapogenin, at oleanolic acid

Ang mga buto ay mayaman din sa langis, saponin, at alkaloid.

Anong bahagi ng halaman ang ginagamit bilang gamot, at paano ginagamit ang mga ito?

Maaaring gamitin bilang gamot ang ilang bahagi ng halaman tulad ng:

Balat ng kahoy. Ang balat ng kahoy ng puno ng gugo ang pangunahing ginagamit sa panggagami at iba pa.

Buto. Ang mga buto ng gugo ay karaniwang pinapatuyo at dinudurog bago ihalo sa inumin.

Ano ang mga sakit na maaaring magamot ng Gugo?

Pagkapanot. Ang paggamit ng balat ng kahoy ng gugo bilang shampoo ay nakatutulong para palakasing muli ang pagtubo ng buhok.

Balakubak. Karaniwan ding ginagamit bilang shampoo ang balat ng kahoy ng gugo para maiwasan ang pagbabalakubak.

Pangangati ng balat. Karaniwan namang pinaghuhugas sa balat na may iritasyon ang pinaglagaan ng balat ng kahoy ng gugo.

Rayuma. Ang pananakit naman ng kasukasuan ay maaaring matulungan ng pag-inom sa tubig na hinaluan ng dinurog na buto ng gugo.

Pananakit ng sikhmura. Dapat namang ipahid sa tiyan ang dinurog na buto ng gugo na hinaluan ng langis para maibsan ang pananakit na nararanasan.

DTI Cavite namahagi ng livelihood kits sa 30 negosyante ng Trece Martires City

Ngayong ika-27 ng Agosto, matagumpay na naisagawa ng DTI Cavite ang pamamahagi ng Livelihood Kits sa mga maliit na negosyante ng Trece Martires City, Cavite sa pangunguna ni DTI 4A RD Marilou Toledo, DTI Cavite PD Revelyn Cortez at Mayor Gemma Buendia Lubigan.

Kasabay nito ang pagtiyak na nasusunod ang minimum health protocols upang maipagpatuloy ng ahensya ang layunin nitong makapaghatid serbisyo.

Kabilang sa mga naimahaging livelihood kits ang 27 Sari-sari Store package, 2 Bigasan package at 1 Pharmacy package.

Sa kanyang mensahe, binigyang-diin ni RD Toledo ang kahalagahan ng pagsusumikap gaano man magpaghamon ang isang sitwasyon. Patunay dito ang mga kwento ng tagumpay ng mga maliit na negosyo na umusbong sa gitna ng pandemya.

Hinikayat naman nina PD Cortez at Mayor Lubigan ang mga bene-

pisyaryo na palaguin pa ang kanilang talino at kakayahan sa pagnegosyo sa pamamagitan ng pakikilahok sa mga programa ng gobyerno.

Sa paparating na ika-31 ng Agosto, nakatakda naman mag-award ng livelihood kits ang DTI Cavite sa mga bayan ng GMA at Noveleta. (DTI Cavite)
