'Libreng Sakay' to continue with P1.3-B budget: DBM

MANILA – After being halted in December last year due to funding issues, the Department of Budget and Management (DBM) on Thursday assured that commuters will continue to avail of free rides on the Epifanio de los Santos Avenue (EDSA) Busway system following the approval of the PHP5.268-trillion national budget for this year. In a press release, DBM Secretary Amenah Pangandaman

FREE RIDES. Thousands of commuters will soon enjoy free rides again on the Edsa Bus Carousel after the Department of Budget and Management (DBM) announced that it has allotted PHP1.285 billion for the revival of the Service Contracting program under the Department of Transportation. The Libreng Sakay, which was launched during the administration of former President Rodrigo R. Duterte, is a joint program of the DOTr and Land Transportation Franchising and Regulatory Board (LTFRB) to help commuters amid rising prices of commodities and services. (PNA photo by Jess M. MGA PILIPINONG LIDER (FILIPINO LEADERS)

1. Punong Pilipino'y katulad sa iba, Tulad din sa lider saan man magpunta, Africa, Europa, America't Asya, Islang Pasipiko at saka Australia.
2. Pag dukha ang lugar, Punong Pilipino Ay mapagkalinga, mapagsakripisyo, Nguni't pag yumaman ang kabang publiko, Ugali ng lider doon nagbabago.
3. Sa Japan, Korea, sa Taiwan at Tsina, Maraming korapsyon tayong mababasa, Maging sa Europa saka Amerika, Pareho ding tema, may dumi at mantsa.
4. Pagka't ang tungkulin ay isang pagsubok, Ang Lider ay taong may hina ding saplot, Lahat silang Lider ay hantad sa dukot, Malimit matukso maliban matakot.
5. Sa Europa saka bansang America, Merong institusyong gabay sa balana. Mga tao'y mulat, masipag ang media, Anumang korapsyon ay hatid sa masa.
6. At ito ang iba: Ang taong Europa, Saka America'y madaling magpasya, Laban sa korapsyon sama-sama sila, At Lider ay tiklop kapag nagkasala.
7. Nguni't tayong Pinoy ay bata pang nasyon, At ang isip natin kulang pa sa dunong, Dunong na nagmula sa danas at suong, Kaya di masugpo ang ating korapsyon.
8. Nguni't sa Europa na pugad ng giyera, Nang ang sangkatauhan nagbabagong porma, Sa dami ng digma'y lumitaw ang grasya, At ang mga mali'y naiayos nila.
9. Kasama sa ayos ay mga reporma Upang ang korapsyon doon masawata, Ang malaking hirap ang nagsilbing mitsa Niyong pagbabagong tutulong sa masa.
10. Ako'y nananalig na sa Pilipinas, Itong edukasyon ang solusyong hanap, Pag tayo'y may dunong at kung tayo'y mulat, Ang atin ding Lider may tamang pagbagsas.

'Libreng Sakay' to continue... (from p. 1)

announced that PHP1.285 billion has been provided to the government's Service Contracting program under the Department of Transportation (DOTr) budget this year pursuant to Republic Act 11936, or the Fiscal Year (FY) 2023 General Appropriations Act.

"May pondo po ang Service Contracting Program sa ating FY 2023 GAA. Naglaan po ang pamahalaan ng PHP1.285 billion para maipagpatuloy ang programang ito ngayong taon (The Service Contracting Program now has funding in our FY 2023 GAA. The government has allocated PHP1.285 billion to continue this program this year)," Pangandaman said.

The Service

Contracting program, which gives way to the continuation of the "Libreng Sakay," provides free bus rides for the public, including the bus commuters along EDSA.

Pangandaman likewise acknowledged the value of free rides to Filipino commuters.

"We understand the plight of our commuting public. And so President Bongbong Marcos gave us a directive to do our part, and to exert our best to help ease their burden. The Service Contracting Program, which funds Libreng Sakay is a big help," she said.

"Malaking tulong po ang tipid-pasahe sa araw-araw na pamumuhay ng mga kababayan natin (Saving on transport fares is a

big help in the daily life of our countrymen). Whatever amount they save daily, they can reallocate to equally or more important needs such as budget for food, electricity, tuition fee, among others," she added.

LTFRB chairperson Teofilo Guadiz III earlier said the Libreng Sakay program will continue once they receive the funding from the DBM.

The Libreng Sakay, which was launched during the administration of former President Rodrigo R. Duterte, is a joint program of the DOTr and Land Transportation Franchising and Regulatory Board (LTFRB) to help commuters amid rising prices of commodities and services.

As of Dec. 27 last year, the LTFRB recorded a total of 164,966,373 passengers who have availed of the Libreng Sakay program along EDSA in the preceding year.

The program also benefits onboarded public utility buses (PUBs) units on the EDSA Busway Route in Metro Manila as it provides financial support to transport service providers through performance-based payouts.

The free bus ride program was set to end on July 31 last year, but President Ferdinand R. Marcos Jr., on his first day in office, announced its extension until December 2022. (PNA)

Around 200 residents of Cavite City benefitted from the health outreach event spearheaded by the provincial government in partnership with the Philippine Navy Fleet - Marine Ready Force and Joziah Zion Foundation, held at Cavite City National High School on January 9, 2023.

Health professionals from the Provincial Health Office and the Philippine Navy together with other private practitioners rendered free medical and dental consultation. Other services offered during the event were blood chemistry, eye check-up and acupuncture. Likewise, prescribed medicines and vitamins were provided by the health mission team.--- JDP(Cavite Provincial Information Office)

DPWH Conducts Training, Audit on Implementation of Accessibility Law

The Department of Public Works and Highways (DPWH) is set to hold a 6-day training on accessibility audit on the implementation of Batas Pambansa Bilang 344 (BP 344) known as "An Act to Enhance the Mobility of Disabled Persons by Requiring Certain Buildings, Institutions, Establishments and Public Utilities to install Facilities and Other Devices."

According to DPWH Secretary Manuel M. Bonoan, the orientation from January 10 to 26, 2023 seeks to capacitate all District Engineers nationwide on the provisions of BP 344

or Accessibility Law towards a more inclusive and accessible public infrastructure as the government fast-tracks infrastructure projects under the "Build, Better, More" Program.

"We aim to continuously capacitate the District field executives as well as Focal Persons of BP 344 to enable them to conduct proper assessment and comprehensive accessibility audits of existing government buildings, ensuring that infrastructure are compliant to applicable codes and standards," said Secretary Bonoan.

National Building

Code Development Office (NBCDO) Executive Director Johnson V. Domingo, who is also the DPWH Representative of the National Council on Disability Affairs (ODR-NCDA), will likewise conduct a seminar on disability awareness and sensitivity to Persons with Disability (PWD).

"Through this seminar, DPWH commits to its thrust towards a non-handicapping built environment for all, keeping in mind that even a slight deviation from the accessibility law can make life more difficult for PWDs," said Executive Director Domingo.

Get children jabbed for vaccine-preventable diseases: DOH-CAR

The Department of Health (DOH) in the Cordillera Administrative Region (CAR) (DOH-CAR) on Wednesday urged parents to have their infants and children fully vaccinated against measles, polio, tuberculosis and other vaccine-preventable diseases (VPDs) after the

region was flagged for its low vaccination rate due to missed inoculation schedules following the pandemic lockdown.

"Sana po dalhin na nila at pabakunahan ang mga bata kung na-miss nila ang mga schedule nila dahil sa mga nakaraang Covid lockdown (we hope that

they bring their children for vaccination if they missed their shots due to the Covid lockdown)," said Geeny Anne Austria, Nurse IV at the Regional Epidemiology and Surveillance Unit (RESU) of the DOH-CAR, in a phone interview.

The document provided to the Philippine News Agency showed that as of November 2022, the region recorded a 61.16 percent vaccination rate for measles-containing vaccine for children from zero to 12 months.

There are 38,179 target-eligible children for MCV1 but only 21,514 were vaccinated.

For those aged 12 to 15 years old, only 20,711 or 54.25 percent of the

PBBM orders speedy issuance...

(from p. 8)

"The benefits of adopting a digital ID system include automated eKYC (Know Your Customer), identity theft protection, credit card and loan applications, and digital wallet," Garafil added.

Under Republic Act (RA) 11055 or the Philippine Identification System (PhilSys) Act, the PhilID should be accepted and recognized in government and private transactions, and shall be considered as

an official and sufficient valid proof of identity for all Filipino citizens and resident aliens.

The Philippine Statistics Authority (PSA), the implementing agency responsible for the overall planning, management and administration of the PhilSys, is targeting the launch of the mobile PhilID app by the first quarter of 2023 with the assistance of the private sector.

Garafil said

submission of government records, digital signature use and incorporation of identity to government agencies are among the benefits of having a digital ID system.

This, as she noted the successful use of digital ID globally include "system integration, ePrescription, online banking, transportation information reference, application for government documents and face verification."

Garafil said the digital ID integration to a digital wallet would help eliminate long lines in Assistance to Individuals in Crisis Situations (AICS) distribution, and support the government's anti-fraud and anti-scramming efforts.

She added that the digitalization of PhilID would facilitate the faster disbursement of government cash aid and improved monitoring of the Department of Social Welfare and Development programs.

"The valid proof of ID by PhilSys is expected to simplify public and private transactions and become a social and economic platform that promotes seamless social service delivery and strengthen financial inclusion for both public

and private services," Garafil said.

"PhilSys is seen to transform how services are delivered in the Philippines and is expected to accelerate the country's transition into a digital economy, including enabling presenceless, paperless and cashless transactions," she added.

Citing a study by the Mckinsey Global Institute, Garafil said the implementation of a digital ID program to an emerging economy with high adoption rates can unlock an economic value of up to an additional three percent of the gross domestic product (GDP) by 2025, which is equivalent to PHP700 billion.

The digital use of PhilIDs will also entail an additional 6 percent of the GDP by 2030 or PHP1.8 trillion, Garafil said.

"The sources of value for the increase in GDP include increased use of financial services, improved access to employment, increased productivity from time saved, reduced costs for government and institutions, higher tax participation leading to higher collections, and increased access and participation from rural farmers," she said. GSIS, Comelec sign pact for Register Anywhere Project

MANILA – The Government Service Insurance System (GSIS) head office in Pasay City is now one of the voters' registration sites for the pilot implementation of the Register Anywhere Project (RAP) of the Commission on Elections (COMELEC).

A memorandum of understanding (MOU) was recently signed by GSIS President and General Manager Wick Veloso and Comelec Chairperson George Erwin Garcia at the GSIS Gymnasium where the RAP Team is now stationed.

"We fully support initiatives that make the services of the government convenient and accessible to our stakeholders. And RAP is definitely one of these worthwhile programs," Veloso said in a press statement Monday.

total were vaccinated against measles.

Austria also said that based on the record, there are only 19,295 children, or 50.54 percent, who are considered "fully immunized, while only 3.14 percent, or 1,197 children, are classified as "completely immunized."

Fully immunized children are infants who received one dose of BCG (anti-tuberculosis), three doses each of OPV (oral polio), DPT (diphtheria, pertussis, Tetanus) and Hepatitis B vaccines, as well as one dose of measles vaccine before reaching one year of age.

Meanwhile, completely immunized children are those who received the said vaccines only at 13 to 23 months old, but failed to receive the same before 12 months.

Karen Lonogan, also a Nurse IV at the RESU, reminded the parents that the vaccines are provided free by the government in health facilities located in the barangays, municipalities, and government hospitals.

"We hope that through RAP, Filipinos who are not yet registered voters will take the first step to exercise their right to vote," he added.

The RAP is offering services for first-time voter registrants and those who seek to apply for a transfer of registration, including transfers from overseas to local.

It also accepts applications from qualified applicants who are present or temporary residents in a locality where the RAP

site is situated or are to transfer to another locality where they are permanent residents and intend to vote in the upcoming Barangay and Sangguniang Kabataan Elections in October 2023.

Applicants, who may walk in, are required to submit their application form and photocopy of one valid government-issued ID card upon presentation of the original ID and have their biometrics taken at the GSIS Gym within the scheduled dates.

The voters' registration in GSIS head office is open from 8 a.m. to 5 p.m. during weekdays until January 20. (PNA)

Only 35K of 1.4M domestic workers have employment contracts: DOLE

MANILA – The Department of Labor and Employment (DOLE) on Friday expressed concern over the low number of domestic workers (kasambahay) in the country who have employment contracts.

"Out of 1.4 million kasambahays (househelps), merely 2.5 percent have employment contract. This is around 35,000 only while 1.36 million have no written employment contracts," said Director Ahmma Charisma Lobrin-Satumba, DOLE Bureau of Workers with Special Concerns (BWSC), in a

Laging Handa briefing on Friday.

She added that there is also a low number of domestic workers that have contributions to the Social Security System (SSS), Philippine Health Insurance Corporation (PhilHealth), and Home Development Mutual Fund (Pag-Ibig).

"It is also a concern to us the low coverage among social protection agencies. We saw that only 8.3 percent of the 1.4 million are covered," she said.

The labor official said they are keen on intensifying the campaign

for compliance with Republic Act 10361 or the Kasambahay Law.

"We will be intensifying our advocacy so that both the employers and kasambahays will be aware of these," she said.

Section 11 of the law states

that "an employment contract should be executed between the domestic worker and the employer before the commencement of the service".

The law also provides that a domestic worker, who has rendered at least one month of service, shall be covered by SSS, PhilHealth, and Pag-Ibig with the premium contributions to be shouldered by the employer.

It was signed in July 2012 by former president Benigno Aquino III and took effect in June 2013. (PNA)

PBBM seeks update on implementation of SIM registration law

MANILA – President Ferdinand R. Marcos Jr. on Thursday asked for an update on the implementation of the Republic Act (RA) 11934 or the Subscriber Identity Module (SIM) Registration Act.

This, as Marcos convened a meeting with officials of the Private Sector Advisory Council (PSAC) at Malacañan Palace's State Dining Room, according to a Facebook post by state-run Radio Television Malacañang (RTVM).

"The President also asks for updates on the ongoing registration of subscriber identity module (SIM) cards as mandated under Republic Act No. 11934 or the SIM Card Registration Act," the RTVM said.

RA 11934, the first law inked by Marcos, regulates the use of SIM

cards by mandating all end-users to register their mobile phone numbers.

The 180-day registration period commenced on Dec. 27, 2022, and may be extended by another 120 days, if needed.

Under the law, all existing SIM subscribers are required to submit an accomplished form through a database platform or website provided by the telecommunications firms within 180 days.

Phone numbers that will remain unregistered after six months will be deactivated.

Digital infrastructure work plan

Marcos, during the meeting at Malacañan Palace, also looked into the PSAC's digital infrastructure work plan.

The meeting

focused on the "future plans in strengthening the country's digital infrastructure," the RTVM said.

"During the meeting, the Chief Executive reviews the Digital Infrastructure Work Plan presented by the PSAC members," it added.

The RTVM said Marcos also discussed the digital infrastructure plan with officials from the National Economic and Development Authority, the Department of Transportation,

the Department of Information and Communications Technology, the Philippine Statistics Authority and the Anti-Red Tape Authority.

One of Marcos' priorities is to attain universal connectivity within the country.

The PSAC, headed by Aboitiz Group President and Chief Executive Officer Saibin Aboitiz, was formed by Marcos to strengthen cooperation and collaboration between the public and private sectors. (PNA)

PBBM orders speedy issuance of digital nat'l IDs

MANILA – President Ferdinand R. Marcos Jr. has ordered to hasten the digitalization of the Philippine Identification (PhilID) system to ensure the cardholders' seamless transactions with the public and private sectors, Malacañang said on Friday.

Marcos gave the directive during his meeting with the members of the Private Sector Advisory Council (PSAC) on Digital Infrastructure at Malacañan Palace in Manila on Thursday, according to Presidential Communications Office Secretary Cheloy Garafil

in a statement. President Ferdinand R. Marcos Jr. issued a directive Thursday to speed up the digitalization of the National Identification (ID) system that could be used for public and private transactions,"

Garafil said. The Philippine Statistics Authority's (PSA) proposed public-private partnership (PPP) for the launching of the digital PhilID application is one of the topics raised during Marcos' meeting with the PSAC, Garafil

said. "Naiwanan na tayo sa technology (We are lagging behind in terms of technology), so we have to catch up." Marcos was quoted as saying. Marcos, Garafil said, emphasized the importance of a digital PhilID system, considering that it would be "easier to upgrade and implement" the use of the national IDs.

"During the discussion, President Marcos asked the private sector to help get the National ID out, noting it has the technology and capability for new digital IDs," she said.
