MANILA - A measure providing financial literacy and entrepreneurship programs for workers to help them cope with rising prices of basic commodities has been filed at the House of Representatives.

House Senior Deputy Majority Leader and Ilocos Norte 1st District Rep. Ferdinand Alexander "Sandro" Marcos filed

House Bill (HB) 8989, or the proposed "Financial Literacy for Workers' Act," which aims to empower workers to generate more income and ultimately lead a life of economic and financial freedom.

"At a time of

continuously rising prices, the prevalence of financial scams, and also predatory loans, there is a need to empower employees with financial literacy programs

that will include debt management, savings and investment, insurance and retirement planning, so as to avoid indigency," he said

PAGKAIN

- Pagkain ng tao ay ang kanyang gatong,
Kung walang pagkain tao'y magugutom,
Sa hina patungo ang katawan niyon,
Maliban pagkain ay kanyang matunton.
- Lahat ng sumilang ay may kamatayan,
Pagsilang ng bata'y tungong katandaan
Subali't kung tao'y sadyang nagabayan
Sa kanyang pagkain magiging mainam.
- Tao'y tinuruan sa ngalang nutrisyon,
Carbohydrates, protein at saka fats and oil,
Vitamin, mineral, ay marami doon,
Sabi'y pag balanse lulusog sa gayon.
- Subali't ang turong ganito'y binago,
Ugali sa kain nitong Pilipino,
Lumitaw ang sakit at marami ito,
Nagmahal ang gamot, naghirap ang tao.
- Ako ay nagsuri at aking nalaman
Na ang dugo natin ay uring "alkaline"
Maraming pagkain ay "acidic" naman,
Acidic na tukso ang kanin at ulam.
- Ang gulay at prutas ay "alkaline" natin,
Acidic ang baboy, karne saka chicken,
Kailangan dito natin balansehin,
Marami ang gulay, prutas pag kumain.
- "Alkaline, acidic" parehong kailangan,
Ang sobrang "acidic" dala'y karamdaman,
SA sobrang "alkaline" manghihina naman,
Pag balanse sila bunga'y kalusugan.
- Pagkain ay gatong ng ating katawan,
Hindi basta gatong yaong kailangan,
Kailangan balanse lagi sa kainan,
Para makaiwas sa masamang damdam.

DPWH INSTALLS PUMPS ALONG ESTEROS IN MANILA TO BOOST FLOOD CONTROL

The Department of Public Works and Highways (DPWH) has installed booster pumps to help address flooding in the areas of Tondo, Sta. Cruz and Quiapo in the city of Manila.

DPWH Secretary Manuel M. Bonoan, citing a report from DPWH National Capital Region Director Loreta M. Malaluan, said that submersible axial pumps were installed to increase discharge and carrying capacity of Estero dela Reina and Estero de Quiapo and efficiently move water away from vulnerable locations.

Implemented by the DPWH North Manila District Engineering Office, the project along Estero dela Reina in District 3, Sta. Cruz, Manila involves the installation of 4-unit submersible axial flow pump that can each

discharge one (1) cubic meter of floodwater per second. The project includes a complete set of pumps and accessories, including a pump house, generator sets, conveyor belt, and automatic trash rakes that readily remove trash and other floating debris from entering and clogging the installed pumps.

Another four (4) units of submersible axial pumps with similar provisions and discharge capacities were installed along the Estero de Quiapo.

According to DPWH North Manila District Engineer Gerard P. Opulencia, the completed flood-control projects were allocated with P300 million each under the 2023 General Appropriations Act (GAA). These pumps will undergo full testing and commissioning before

being turned over within the year.

DPWH North Manila DEO is also working on another 3-unit submersible axial flow pump along Estero dela Reina's portion in Barangay 9, Tondo. The project scheduled to be finished in 2024 will complement the completed booster pump in District 3.

"Installation of booster pumps are among the priority projects of DPWH in the flood-prone areas of Manila as these will not only drain large amount of floodwater from the low-lying areas to the main drainage and to Manila Bay, but also separate debris from floodwaters therefore prevent clogging of waterways," said Secretary Bonoan. Q3 National Earthquake Drill Simulation at SM City San Pablo

SM Supermalls and rescue drill actively participated in the third quarter Nationwide Simultaneous Earthquake Drill (NSED) held last September 7. The actual earthquake drill, participated by shoppers, tenants, and employees, took place during regular mall operating hours. Evacuation and rescue drill simulations were carried out to enhance the mall's Emergency Response Team preparedness and coordination among tasked units. Working hand in hand, Medical as well as Search & Rescue Team gave first aid treatment to a simulated trauma victim at the mall. Staged at exactly 2pm, the drill demonstrated various crisis scenarios of an earthquake to raise public awareness about the proper emergency response during and after this hazard. Employees and tenants were evacuated to the open spaces of the mall. In addition to simultaneous nationwide earthquake drill, SM malls in Laguna also conducts an annual refresher course for its employees, tenants, and affiliates on fire and earthquake preparedness. Topics like worst-case scenarios during fire and earthquake, evacuation routes, and first aid treatment were all being discussed to help the mall handle crisis if ever it will happen. #earthquake drill 2023 #be ready #smcity san pablo #One with the community #NSED

and nearby areas. The Mega Job Fair Caravan was graced by Congresswoman Lani Mercado Revilla and Vice Mayor Rowena Bautista Mendiola, who attended the event to demonstrate their unwavering support for the job fair and the community. The event served as a beacon of hope for those seeking gainful employment, offering a wide array of job opportunities across various industries. One of the highlights of the day was the astounding success of 91 jobseekers who secured employment on the spot, underscoring the event's effectiveness in connecting jobseekers with potential employers.

Sandro Marcos pushes... (from p. 1)

Marcos said among the challenges to developing entrepreneurial skills include a lack of adequate knowledge of financial management, high cost of doing business, lack of access to finance and market information, and low productivity and competitiveness due to the lack of economic capacity. "Through better awareness and understanding of how money works and how to handle it responsibly, people are equipped to reach their financial goals, especially financial stability and prosperity," he said.

Under HB 8989, employers would be required to provide financial literacy and entrepreneurship programs to employees. It provides that the Secretary of the Department Labor and Employment (DOLE) shall award loans and grants, on a competitive basis, to eligible entities to provide financial literacy and entrepreneurship programs to workers. The DOLE Secretary may make available to deserving "working entrepreneurs," assistance in the form of grants or loans, to provide for the initial launch of their small or medium enterprises. The proposed measure defines working entrepreneurs as individuals who are employed and engaged in the operations or management of micro, small or medium enterprises. An eligible entity or entrepreneur that desires to receive a grant or a loan should submit an application to the DOLE Secretary accompanied by an itemized budget and other data as required. The bill is currently pending at the House Committee on Labor and Employment. (PNA)

SM STORE CELEBRATES ITS 65TH FOUNDING ANNIVERSARY BY HELPING FILIPINO CHILDREN IN NEED THROUGH THE SHARE SHOES CAMPAIGN

M A N I L A, Philippines. The simple things in life are oftentimes taken for granted. To some people, tangible objects like clothes, bags, or shoes are normal commodities that they can easily buy and eventually dispose of at will. Meanwhile, millions of people around the world, specifically children, walk barefoot as they lack financial resources to avail themselves of decent footwear.

According to a 2017 article by William Blischke, an American Sociology professor at the California State University Dominguez Hills, 14% of the earth's inhabitants lack shoes or have inadequate footwear. He adds that in some developing countries, shoeless children cannot attend school because they may communicate and contract diseases from their foot sores. This is why some international non-profit organizations claim that shoes, or the lack thereof, are one of the most visible signs of poverty.

In the Philippines, there is no available academic study that justifies Filipino children's actual lack of shoes. However, this phenomenon can be substantiated by the 2023 report of the Department of Education, which states that one of the most pressing issues in the basic education system is the lack of access to resources. Since school shoes are an integral part of a student's uniform even in public schools, it will be difficult for less-privileged families to purchase them. Thus, leaving children with no choice but to either use their old and ill-fitting shoes, or worse, walk barefoot – just to complete their education.

This is the challenge that the SM Store intends to address through the Share Shoes campaign – to provide school shoes to the poverty-stricken students of the Philippines. In line with the celebration of SM's 65th founding anniversary and through the help of its dedicated customers and partner-

organizations, SM Store aims to donate more than sixteen thousand (16,000+) pairs of shoes to the last-mile schools and communities in the country. With a minimum of Three Thousand Pesos (P3,000) single-receipt-spend at any SM Store, a customer is entitled to donate a

pair of shoes, which originally retails for P299, for only Sixty Five Pesos (P65.00) and shall be considered as a Share Shoes Champion.

In a statement, Mr. Dhinno S Tiu, Executive Vice President of SM Store, exemplifies the value and symbolism of

shoes for both SM and its advocacy to support the community:

“Shoes have been the core of our business for over 65 years. Thus, giving out thousands of shoes to the Filipino children who need them the most through the generosity of our customers, is a

symbolic gesture of our commitment to continue to live the legacy of sharing and giving back to our partner communities.”

More than a material donation, SM Store hopes that these pairs of shoes would help the children's journey towards a better life. Through a simple act of giving, these underprivileged children will be able to learn, play, and flourish in school. And by protecting their young feet, time will come when they can confidently step, walk, run, and even leap towards their individual goals and dreams.

Shop at your favorite SM Store from September 1, 2023 to November 15, 2023 to support a child in need. For only P65, you can help transform a life by being a Share Shoes Champion! Help us put shoes on a child's feet and together, let us witness how they walk through life with smiles on their faces. (Per DTI Fair Trade Permit No. FTEB-172377, Series of 2023)
