# Mekeni Joins Hospital on Wheels Medical Mission for over 1,000 Porac Residents

PORAC, Pampanga (December 12–13, 2025) — Mekeni Food Corporation reinforced its commitment to community health and inclusive development as it actively supported the Hospital on Wheels (HOW) medical mission that served more than 1,000 patients at the Jose Songco Lapid Gymnasium in Barangay Cangatba, Porac, Pampanga.

The two-day mission delivered free medical, surgical, dental, and vision screening services to residents, with a strong focus on reaching indigenous peoples (IPs) and underserved communities in Porac. Mekeni joined Hospital on Wheels, the local government of Porac, and various partner organizations in mobilizing resources and volunteer support to bring essential healthcare closer to those who need it most.

Mekeni President Mr. Prudencio "Pruds" Garcia underscored the value of collaboration in creating lasting impact.

"When organizations work together with a shared purpose, we can do great things for our communities. This mission is close to my heart because our parents, Mekeni founders Mr. Felix Garcia and the late Mrs. Meding Garcia, once taught indigenous peoples in the mountains. Supporting this initiative continues that legacy of service," Mr. Garcia said.

Hospital on Wheels founder Dr. Jim Sanchez expressed appreciation for Mekeni's continued partnership and the collective effort behind the mission.

"For 18 years, Hospital on Wheels has advocated accessible healthcare. We are deeply grateful to Mekeni Food Corporation, the local government of Porac, and all our partners who shared their time, resources, and expertise to make this mission successful," Sanchez said.

Porac Municipal Vice Mayor Trisha "Jen" Capil welcomed the initiative, noting its alignment with the municipality's priorities.

"This medical mission is a big help to our community, especially our indigenous peoples. We thank the Hospital on Wheels, Mekeni, and all the partners for bringing this service to Porac, as it supports our administration's goal of inclusive and accessible healthcare," Capil said.

Aside from the medical, surgical, dental, and optical services, the mission also brought moments of care and comfort to beneficiaries through the distribution of gift packs for IPs and children who attended the activity.

Hospital on Wheels has been conducting medical missions nationwide for 18 years, while Mekeni Food Corporation has supported the initiative for three consecutive years, demonstrating the company's sustained commitment to health-focused community partnerships.

Other organizations that supported the mission include Rotary Club of Malolos (D3770), Rotary Club of Maharlika (D3780), Philippine Travel Operators Association (PHILTOA), Aguman Capampangan, Office of Senator Imee Marcos, Eagles, BNI Pampanga, Philippine Air Force (PAF), PAF Reservists, and Scrubbed BPO.

# Sailing forward

*Joel Lumangcas, a skilled boat operator, expertly navigates his boat across the crystal-clear waters of Bohol.*

Bound to the sea for most of his life, Joel Lumangcas from Panglao Island, Bohol, moves with the waves.

From a young age, he had already helped his father with fishing, a livelihood that sustained their family.

In 2008, Joel found himself working at a dive shop, where he served as a speedboat operator for divers. One day, his boss offered him the chance to become a divemaster, just like his colleagues, which he readily accepted.

As a dive master, he ensured that tourists were fully briefed on all the underwater rules and knew what to expect during their tours. He guided them underwater, carefully overseeing their safety at all times.

Unfortunately, around 2010, he suffered a serious accident when an old tank he was using exploded, leaving his hands and feet severely injured. He spent two and a half months in the hospital, unable to walk. During this challenging period of his life, his wife, Cherry, stepped up as the family's breadwinner. Cherry went to their neighborhood selling banana cue to make ends meet, while Joel focused on his healing.

After three years of recovery, Joel began helping his mother sell fish in the market. Five years later, when his injury had fully healed, someone offered him a job at sea again. At first, he was hesitant, still haunted by the trauma of his past accident, but his desire to provide for his family gave him the courage to confront his fears.

When he returned to work, Joel became a snorkeling guide for a tour agency owned by his Korean employer. Meanwhile, his wife worked as a dishwasher in a restaurant owned by the same employer.

During the low season, when there were no tourists, Joel would go fishing in the sea, selling the fish at his mother's stall in the market.

In 2018, Joel and his wife, Cherry, learned about CARD, Inc. (A Microfinance NGO) from a friend. With the institution's loan, Joel was able to purchase a boat. Currently, both of them have a loan of PHP 40,000.00 each, which they use to maintain their boat, renovate their house, and support their children's education.

"Malaki ang naitulong sa akin ng CARD, Inc., kagaya ngayon yung tourist boat na ginagamit ko sa paghahanapbuhay ay mula sa loan na kinuha ko sa kanila (CARD, Inc. has helped me a lot. For instance, the tourist boat I now use to earn a living was made possible through the loan I received from them)," Joel stated.

Looking ahead, Joel hopes to acquire his second boat, a venture that will not only increase their family's income but also provide for their children's education and evolving needs.

## PAGKAIN

1. Pagkain ng tao ay ang kanyang gatong,
Kung walang pagkain tao'y magugutom,
Sa hina patungo ang katawan niyon,
Maliban pagkain ay kanyang matunton.

2. Lahat ng sumilang ay may kamatayan,
Pagsilang ng bata'y tungong katandaan
Subali't kung tao'y sadyang nagabayan
Sa kanyang pagkain magiging mainam.

3. Tao'y tinuruan sa ngalang nutrisyon,
Carbohydrates, protein at saka fats and oil,
Vitamin, mineral, ay marami doon,
Sabi'y pag balanse lulusog sa gayon.

4. Subali't ang turong ganito'y binago,
Ugali sa kain nitong Pilipino,
Lumitaw ang sakit at marami ito,
Nagmahal ang gamot, naghirap ang tao.

5. Ako ay nagsuri at aking nalaman
Na ang dugo natin ay uring "alkaline"
Maraming pagkain ay "acidic" naman,
Acidic na tukso ang kanin at ulam.

6. Ang gulay at prutas ay "alkaline" natin,
Acidic ang baboy, karne saka chicken,
Kailangan dito natin balansehin,
Marami ang gulay, prutas pag kumain.

7. "Alkaline, acidic" parehong kailangan,
Ang sobrang "acidic" dala'y karamdaman,
SA sobrang "alkaline" manghihina naman,
Pag balanse sila bunga'y kalusugan.

8. Pagkain ay gatong ng ating katawan,
Hindi basta gatong yaong kailangan,
Kailangan balanse lagi sa kainan,
Para makaiwas sa masamang damdam.
