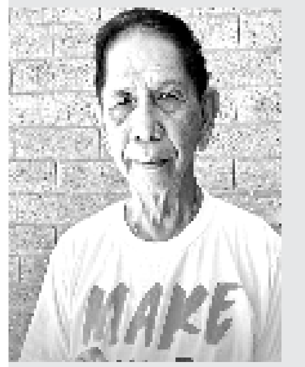
'KUNG MAY EDUKASYON, MAY DISIPLINA'



Si Armando "Jun" Ducat Jr. ay isang kilalang Filipino civil engineer, businessman, at social activist na nakilala sa bansa dahil sa kontrobersyal na insidente noong 2007 sa Maynila.

Si Jun Ducat ay naging laman ng mga balita matapos nitong i-hostage ang isang bus na lulan ang mga preschool students bilang bahagi ng kanyang protesta upang ipanawagan ang mas maayos na serbisyo ng gobyerno, partikular sa edukasyon at kahirapan.

Naging mapayapa ang pagresolba sa insidente at ligtas na nakalabas ang lahat ng mga batang bihag matapos ang negosasyon sa mga awtoridad.

Kilala rin si Ducat bilang tagapagtatag ng Musmos Day Care Center sa Tondo, Maynila, na layuning magbigay ng libreng edukasyon sa mga batang mahihirap.

Sa mga sumunod na taon, nagpatuloy siya sa mga community projects at iba pang inisyatiba na may layuning tumulong sa mga kapus-palad, kabilang ang mga proyekto sa Cavite. Isa na siya ngayong resort owner sa Naic, Cavite, kung saan itinatag niya ang "Paraiso de Jun Quixote," na ayon sa kanya ay layunin na gamitin ang kikitain upang makapagpatayo ng libreng ospital sa lalawigan.

Aminado ang ilan na mali ang naging hakbang ni Ducat sa insidente ng pangho-hostage, ngunit binibigyang-diin din ng marami ang kanyang naging panawagan laban sa korapsyon at para sa mas maayos na edukasyon ng kabataan—na aniya'y susi sa mas magandang kinabukasan ng bansa.

Ika-84th Commemoration ng Araw ng Kagitingan sa Bayan ng Naic!

Patuloy na inaalala at binibigyang-pugay ng Bayan ng Naic ang kabayanihan ng ating mga beterano ngayong ika-84 na paggunita ng Araw ng Kagitingan.

Sa pangunguna ni Mayor Rommel Magbitang at Vice Mayor Jacinta Remulla, kasama ang mga kinatawan ng iba't ibang asosasyon ng mga beterano, ang seremonya ay ginanap sa Monument at the Intersection sa Brgy. Ibayo Silangan ngayong Huwebes, April 9, 2026.

Sa araw na ito, muli nating pinagtitibay ang ating pagkilala at pasasalamat sa sakripisyo at tapang ng ating mga bayani—isang inspirasyon para sa bawat Naicqueño na patuloy na maglingkod at magmahal sa bayan.

TATLONG KATANUNGAN

1. Tatlong katanungan yaong mahalaga,
Sa kahihinatnang gusto mong makuha,
Pagmasdan, limiin ang gustong ibida,
Ang gabay sa buhay doon makikita.

2. Unang katanungan:"Nasaan ba ako?"
Dapat mong mabatid ang kalagayan mo,
Iyan ang simula ng lakbay na gusto,
Diyan susukatin sa iiwang punto.

3. Ikalawang tanong:"Saan ba pupunta?"
Sa kanan? Kaliwa? Papasulong ka ba?
Iyan yaong tanong sa tamang puntirya,
At dapat masagot nang napakaganda.

4. Ang ikatlong tanong pag naglalakbay na,
At nakalayo na sa dating umpisa,
Sa paulit-ulit dapat magtanong ka:
"Paano malamang ako'y naroon na?"

5. Ang ikatlong tanong dapat na limiin,
At baka di nais ng Diyos ito'y dinggin,
Baka ang balak mo'y iyo lang sa turing,
May nais din ang Diyos na dapat mong kunin.

6.Nariyan palagi itong kaibahan,
Ng isip ng taong akala'y kanya lang
Yaong mangyayari pag pinagsikapan,
At isip ng taong tadhana ang alam.

7. "May gugustuhin kang masama sa iyo,
May aayawan kang buti pala ito"
Ganyan ang sinabi ng Qur'an sa punto,
Dapat maging gabay ng lahat ng tao.

8. Sa nais makuha isiping palagi,
Pag inilihis ka ng Diyos sa mithi,
Ang ibibigay Niya ay higit sa limi,
Ang pagpapala Niya doon masusuri.

Cavite strengthens flood mitigation efforts and inter-agency coordination through strategic meetings

The Provincial Government of Cavite reaffirmed its commitment to disaster resilience and effective governance through two significant meetings held on March 23, at the New Provincial Government Center in Trece Martires City: the Flood Mitigation Committee (FMC) Meeting and the Local Inter-Agency Committee (LIAC) Meeting.

The Flood Mitigation Committee Meeting was convened by Ms. Annabel Cayabyab, Head of the Office of the Provincial Environment and Natural Resources Officer (OPENRO), on behalf of Cavite Governor Francisco Gabriel "Abeng" Remulla. The meeting brought together key officials and stakeholders involved in the Cavite Industrial Area Flood Risk Management Project (CIA-FRIMP), alongside representatives from the Department of Public Works and Highways (DPWH), the Japan International Cooperation Agency (JICA), and partner agencies.

Notable participants from JICA included Mr. Aoki Nobuhiko, Ms. Catherine Palanca, and Ms. Shino Yamauchi, while local government units from Imus City, Bacoor City, General Trias City, Kawit, Rosario, and Noveleta were also represented, underscoring the collaborative nature of the initiative.

During the session, Mr. Shuji Kaku, CIA-FRIMP Project Team Leader, and Ms. Mimi Estaris, Non-Structural Measures (NSM) Specialist, presented updates on ongoing flood mitigation efforts, covering both structural interventions such as drainage improvements and pumping stations, and non-structural measures including early warning systems, community preparedness, and land-use planning. Engr. Aurelio Mendoza, Project Manager of DPWH-UPMO, further contributed technical insights that enriched the discussion and planning process.

The FMC continues to serve as a vital platform for coordination, strengthening partnerships among national agencies, local government units, and development partners toward enhancing flood management systems and building safer, more resilient communities across Cavite.

On the same day, the Local Inter-Agency Committee (LIAC) Meeting was held and presided over by Provincial Administrator Engr. Gilbert Gandia. The meeting gathered representatives from various government agencies and stakeholders to ensure alignment and coordination in infrastructure and development projects across the province.

A key highlight of the LIAC meeting was the discussion of the salient provisions of Republic Act No. 12289, also known as the Accelerated and Reformed Right-of-Way (ROW) Act. The law aims to streamline and expedite the acquisition of right-of-way for national government infrastructure projects, addressing common delays caused by land acquisition issues. Discussions emphasized the importance of inter-agency cooperation in implementing the law effectively, ensuring fair compensation, minimizing displacement concerns, and accelerating project delivery.

The LIAC serves as a critical mechanism for harmonizing policies, resolving implementation issues, and ensuring that national and local development initiatives are carried out efficiently and in accordance with existing laws and regulations.

Together, these meetings highlight the Provincial Government of Cavite's proactive approach in addressing flood risks while strengthening institutional coordination, paving the way for sustainable development and improved quality of life for its constituents.---
