Kaalaman tungkol sa Banaba bilang halamang gamot

Ang banaba ay isang namumulaklak na puno na kilala sa maraming lugar sa Pilipinas. Ang bulaklak ay kulay lila at bumubuka nang malapad. Ito ay may bunga na mala mala-ubas ngunit kulay tsokolate. Karaniwan itong tumutubo sa isla ng Luzon, pati na sa Mindanao at Palawan. Dahil nga sa kakayanan nitong makagamot ng ilang mga karamdaman, kalimitan ding mabibili ang banaba na nakahanda bilang inuming tsa at tableta.

Scientific name: Lagerstroemia speciosa (L.) Pers.; Lagerstroemia reginae Roxb.; Munchausia speciosa (L.) Common name: Banaba (Tagalog), Queen's Flower o Pride of India (Ingles)

Ano ang mga sustansya at kemikal na maaaring makuha sa Banaba?

Ang iba't ibang bahagi ng puno ng banaba ay maaaring makuhanan ng maraming uri ng kemikal at sustansya na maaaring may benepisyo sa kalusugan:

Ayon sa mga pag-aaral, may mataas na lebel ng tannin sa bunga, dahon at balat ng kahoy (bark) ng banaba.

Nakuhanan din ang halamang ito ng phenolic compounds, flavonoids, at saponins. Bukod pa dito, mayroon ding corosolic acid, ellagitannin Lagerstroemin, at gallotannins sa halaman ng banaba.

Anong bahagi ng halaman ang ginagamit bilang gamot, at paano ginagamit ang mga ito?

Maaaring gamitin bilang gamot ang ilang bahagi ng halaman tulad ng:

Bunga. Ang hinog na bunga ng banaba ay kadalasang pinapatuyo bago ilaga upang makuha ang taglay nitong gamot.

Dahon. Ang dahon na maaaring bata pa o yung magulang na ay pinakukuluan din at ipinaiinom sa may sakit.

Bulaklak. Pinakukuluan din ang bulaklak ng banaba upang maipainom ang pinaglagaan sa may sakit.

Balat ng kahoy (bark). Ang balat ng kahoy ay nilalaga rin ngunit hindi ito kasing epektibo ng pinaglagaan ng dahon at bunga.

Ugat. Pinapakuluan din ang ugat at pinaaiinom sa may sakit. Ano ang mga sakit na maaaring magamot ng Banaba?

1. Diabetes. Ang pangunahing sakit na pinaniniwalaang nagagamot ng halamang banaba ay ang diabetes. Epektibo sa pagpapanatiling balanse ng lebel ng asukal sa dugo ang pag-inom ng pinaglagaan ng bulaklak, dahon at bunga ng banaba.

2. Hirap sa pag-ih. Ang pinaglagaan ng ugat at dahon ng banaba ay may epektong diuretic sa mga taong hirap sa pag-ih.

3. Pagtatae. Ang pinaglagaan naman ng balat ng kahoy ng banaba ay pinaniniwalaang makagamot sa pagtatae o diarrhea.

4. Obesity o sobrang timbang. Mahusay din daw ang regular na pag-inom ng pinaglagaan ng halaman ng banaba sa pagpapanatili ng balanse at tamang timbang.

5. Altapresyon. May ilang naniniwala din na nakakababa ng presyon ng dugo ang pag-inom ng pinaglagaan ng banaba.

6. Pamamaga at implamasyon. Sinasabi rin na ang katas na nakukuha sa dahon ng banaba ay may bisa sa pagpapahupa ng pamamaga at implamasyon sa katawan.

7. Impeksyon ng bacteria sa katawan. May ilang pag-aaral na ang pinaglagaan ng bunga ng banaba ay makatutulong sa pagpuksa ng impeksyon ng bacteria sa katawan.

UGAT NG BALINGHOY

1. Merong pulitikong tulad sa cassava,
Maputi ang laman, maayos ang lasa,
Parang ubod bait sa mga kasama,
Walang maipintas, mabuti talaga.

2. Nguni't noong aking tingnan sa malapit,
Ako ay nagulat sa aking nabatid,
Sa ibabaw nitong puting aking ibig,
Cassava'y may pulang banakal na takip.

3. Puti ay pagkaing katulad sa kanin,
Malambot, malasa, matagal tunawin,
Cassava sa bundok ay tamang pagkain
Nitong katutubong dukha sa kaingin.

4. Cassava pag ito'y ating inaani,
Hindi kailangan ang bangan malaki,
Sa bangan tinipon palay na marami,
Sa cassava'y walang tinggal na masabi.

5. Pagka't ang cassava kahit di itinggal,
Mula sa taniman anihin sa dukal,
Tuluy-tuloy itong luto sa katingan,
Ang mapulang balat alisin mo lamang.

6. Ang mapulang balat may taglay na lason,
Kaya umiiwas ang baboy na gutom,
Sa mapulang balat may cyanide doon,
Cyanide na lason sa hindi marunong.

7. Magbalik na tayo't ating pag-usapan
Itong pulitikong kanina'y tinuran,
Di dapat umasang siya'y may katapatan,
Maliban makita'y aksyon sa lipunan.

8. Merong pulitiko na makasarili,
Nais ang suporta ng taong marami,
Ang mga tauhan, sila ay nagsilbi,
Dahil umaasang may buti ring ganti.

9. Nguni't pag ang amo nabisto na nila,
Hangad lamang pala ay kanyang ganansya,
Pinababayaan yaong sumuporta,
Noon matatantong amo ay cassava.

10. Kaya pagmasdan mo yaong sinamahan,
Natanggal na kaya ang pulang banakal?
At kung hindi pa rin ito natatanggal,
Huwag ka nang sumama sa cassavang hangal.

General Trias remains a strong choice for business growth

Pinatunayan ni Mayor Jon Ferrer ito sa 2026 Asia Investment Forum & 1st General Trias Mayor's Cup Golf Tournament, na inorganisa ng isang grupo ng Korea investors na nanghihikayat ng mas marami pang Korean businessmen na mamuhunan at magtayo ng negosyo sa mahal nating lungsod.

Sa nakalipas na sampung taon, nananatiling isa ang GenTri sa mga pinipiling lugar ng maraming multinational companies para sa expansion o bagong business ventures.

Dahil dito, nilagdaan natin ang Memorandum of Understanding (MOU), para higit na palakasin ang ugnayan

sa pagitan ng General Trias at Korean investors, na magdadala ng mas maraming trabaho at oportunidad sa mga GenTriseño.

The 500 pesos that started the better days

Rose Ann Toledo (front left), a client of CARD SME Bank, Inc. from Silang, Cavite, with her staff at BetterDays Packaging & Printing Services during operations at their manufacturing office.

Flashback to the height of the COVID-19 pandemic in 2020, when uncertainty became part of everyday life: jobs were lost, movements were restricted, and many families struggled to make ends meet. Rose Ann Toledo and her partner were among them. Both resigned from work because her partner has hypertension and was highly vulnerable to the virus. With no stable income, they had to think of practical ways to survive.

One day, while rushing to the public market, Rose noticed a PHP 500 bill lying on the pathway. She looked around and waited, hoping the owner might come back for it, but when no one came searching, she picked it up. A blessing from heaven, she thought. At the time, it felt like unexpected help.

Instead of spending it on food or daily expenses, Rose and her partner came up with an idea to generate income from it. Cloth face masks were in high demand during that season, so they decided to invest the PHP 500 in buying fabric. Their neighbor, who is a tailor, helped stitch the masks.

Rose posted the finished products online, and they quickly sold out.

From that small capital, they generated more than a hundred thousand

in gross income. Their small project also provided income to their neighbor, who had helped sew the masks.

"It was unbelievable," Rose recalls. "We made income online because of a simple idea and that 500-peso blessing from heaven."

But they didn't stop there. The same year, they reinvested that earning and began selling re-branded cosmetics products online. They ordered supplies from manufacturers and partnered with a printing company to produce labels. After selling their first batch, they purchased a small inkjet printer so they could print labels themselves and reduce costs.

That printer opened another opportunity.

Since their cosmetics products had no boxes, Rose designed packaging using a graphic design web app, printed it on photo paper, and cut and assembled the boxes manually. Realizing they could also offer it as a service to others, they posted their samples on Facebook Marketplace, offering customized box-

es for other small businesses.

And there were orders. Although it started small: three pieces, five pieces, ten pieces. While many competitors required a minimum order of 1,000 pieces, they accepted as few as 100 to 150 pieces. This approach attracted startup businesses in need of affordable packaging, which in turn led them to officially launch their printing and packaging service in 2021.

Soon enough, the demand grew, and so did their capacity. Rose, a client since 2019 of CARD SME Bank, Inc., a thrift bank under CARD Mutually Reinforcing Institutes (CARD MRI), took out a loan to purchase additional machines. This enabled them to expand production and accept larger orders.

They soon expanded into large production printers that accommodate bulk orders. Today, they fulfill orders reaching up to 100,000 pieces and serve clients nationwide.

Their business, which they dearly named

Looking back, Rose remembers how difficult the beginning was, emotionally and financially. They had limited resources and no vehicle. "You can start small if you really want to start a business," she said, reflecting back on their experiences. She shared that transitioning from an employee mindset to a business mindset indeed requires risk and discipline. "Don't expect that starting a business is the end of the journey. The real question is how you will keep it alive and sustaining," she emphasized.

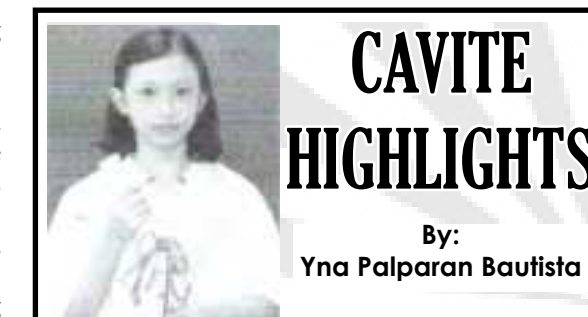

When Rose was asked for her advice for fellow entrepreneurs, she advised them to continue learning and remain open to new ideas. "Never stop improving yourself," she shared. "Because your growth drives the growth of your business." She also

advised managing finances properly and recording all cash flows.

For over seven years as a client, CARD MRI recognized her discipline and great business performance. She was awarded with Gawad Malikhain during the Pagkilala sa Mga Likha Ni Inay 2025, an event organized by CARD MRI that honors microentrepreneurs who showcase resilience, dedication, and positive community impact.

The 500 pesos she found during the pandemic may have been unexpected, but what followed was the result of practical decisions, reinvestment, and consistent effort.

She believes success is not just about receiving an opportunity. It is also about making the most of it and sustaining it through hard work and openness to growth.

Eduardo Camerino-

May mga author na nagsabi na siya ay si Casimiro, Camerino. Siya ay tinawag na tulisan ng mga Prayle at ipinahuhuli. Noong magkaroon ng liberalisasyon sa Espanya ay ginawaran siya ng pardon at ginawang pinuno ng batayon ng Guias de la Provincia de Cavite. Nang maubos na ang mga tulisang kanyang tinugis ay idinawit siya sa Cavite Mutiny of 1872. Siya ay pinatay sa garrote o bigti.
